070R

- The single most talked about bull of the Spring 2022 sales season, CRAFTSMAN was the \$500,000 record setting high seller at Connealy's sale!
- CRAFTSMAN posted very impressive performance ratios of 120@WW, 119@YW, 154@IMF and 107@RE in a large contemporary group
- Sired by Sitz Resilient out of an impressive young Niobrara daughter, CRAFTSMAN's physical presence and breed character add to his overall package. He is striking though his front 1/3 and offers great length and shape down his top with combined with excellent structural integrity.
- Highly sought after for his combination of \$M and \$C, along with the parts that compile those indexes. Mating options and directions are endless with CRAFTSMAN!

**ACC**  **27G**  
**Queen Ruth**

ACC Queen Ruth 27G is a very elegant designed female that is exceptional in her structural design. This female is the type that could be a very versatile breeding piece. We think she could raise some big time show steers or if you wanted to go the maternal route she will work to a lot of today's popular sires.

**SAV 1335**  
**Magnum**

Magnum commanded attention of breeders long before he walked through the sale ring, and is being used by SAV as the next step in their program.

This fresh pedigree blends nine Pathfinders in his three-generation pedigree and offers unique mating flexibility.

His feminine, efficient, 3-year-old dam exudes udder quality and possesses perfect feet.

Expect Magnum to boost performance in a real world, attractive package.

ACC Queen Ruth 27C is a very elegant designed female that is exceptional in her structural design. This female is the type that could be a very versatile breeding piece. We think she could raise some big time show steers or if you wanted to go the maternal route she will work to a lot of today's popular sires.

### Remitall F 148F

## MS MORRISON

Ms Morrison 148F is a real wide based, deep bodied female. Sired by Rage 9A who is producing offspring with natural thickness, muscle expression with superb structure. The Rage daughters are prolific producing females that are easy doing, big bodied with beautiful udders.

Ms Morrison 148F stems from a strong producing cow family with fertility and longevity. Her grand dam is designated Elite with CAA and records a lifetime index of 107 on 8 calves. A pedigree stacked with performance sires such as Rito 9969, SAV Prodigy 8101, SAV Net Worth 4200 and Rachis 21R. Ms Morrison 148F has all the qualities to be a cornerstone female.

### Basin 1682

## PAYWEIGHT

Ranked Number 4 among all Angus sires for progeny registered in the 2018 fiscal year of the American Angus Association after ranking Number 6 in 2017, even though demand has been much larger than the amount of semen available for several years, this high volume, easy fleshing individual is one of the bulls that cattlemen admire at ORigen and one of the highest demand sires in the decade. With more than 30 different sons that topped bull sales across the nation in the spring of 2018, few calving-ease bulls in Angus history have ever offered the extreme body mass and depth of body that is a trademark of Payweight 1682 and his progeny, in combination with elite growth values and a look that appeals to both purebred and commercial cattlemen.

Payweight 1682 daughters in production display his depth of body and ease of fleshing with nice udder structure and a brood cow look and his daughters have topped Angus sales across the continent with his full sister Basin O Lass 1663 setting a Montana Angus record when half interest of her sold for \$210,000 at the NILE Sale in Billings after her first natural son topped the 2014 Midland Test Sale at \$105,000.

*Jac's* 0247X  
**Blackcap**

Here is a stunning female that is straight on her lines, level hiped with an attractive look. Blackcap 0247X has raised off spring that share her erect front end and superior phenotype. This is one of our absolute favorites cows that came from Gilchrist farms in Ontario.

0247X pedigree is backed up by sires like SAV Final Answer, and N Bar Emulation EXT, she is a direct SAV Pioneer daughter. Her embryo basket feature embryos sired by some of the most popular and heavily use bulls in North America, with balanced EPDs and mind blowing phenotypes.

*Musgrave* 811  
**CRACKERJACK**

The excitement continues to build around Crackerjack as his first calves hit the ground small, but with superior vigor and growth. They're jet black, stylish and massive just like their sire. Musgrave's identified Crackerjack early as the next step forward in their breeding program for his powerful yet proud look, structure and balanced genetic predictions. His productive dam has power, substance and complimentary femininity, with incredible udder quality and excellent feet. Crackerjack is pleasing many for his exceptional feet, large scrotal development and extra muscle expression. We believe Crackerjack has as much scope and future as any young sire in the A.I. industry.

## DENSITY

4336

Straight out of the 2020 Coleman female sale, the beautifully designed Tar Donna 614 is a complete female that keeps producing what we love, offspring with some of the most alluring phenotypes of the breed with a balanced EPD's and low birthweights.

Donna 614 along with her feminine eye appeal, is stout and loaded with rib, an excellent udder and great feet. She is backed up with a SOLID PEDEGREE sired by the Pathfinder bull SAV Resource. Her Dam stems back to Coleman Regis 904 and OCC Juneau 807J. Her 2020 heifer calf sired by the \$450,000 for 1/2 interest Colman Bravo 6313 is an excellent example of proven maternal genetics.

Density 4336 has made his mark as one of the most influential maternal sires in the Angus breed. He is unmatched for his ability to consistently stamp his feminine heavy milking daughters with impeccable udder quality, broodiness, and maternal function. They are moderate framed efficient cows with superior production capabilities.

Density is a cow maker deluxe, his daughters are rising to the top at ranches across Canada and the USA. His sons are in demand due to their depth of body, muscle expression and they are correctly structured. He has been used worldwide on cows of all body types due to his consistent siring pattern.

Fantastic females are included on both sides of the pedigree to bolster Firebrand's appeal as a tremendous breeding piece!

Firebrand is supported by cow family strength on both sides of his pedigree. His sire's dam EA Rose 918 is what an Angus cow should look like. Firebrand's dam, Brooking Annie K 390, is a moderate framed female that is very angular fronted and has a beautiful udder. Firebrand is a sire to tie on to.

A high numbered daughter of Basin Excitement and featured Blue Ribbon family from the Whitestone program. This female excels from an EPD standpoint coupled with outstanding performance and phenotype. She is a three generation AI female with big numbers. She had an individual weaning ratio of 114, a yearling ratio of 113 and an EPD value of +164.74 for dollar beef. She stems from a dam that records WR 2@111, YR 2@115, %IMF2@113, UREA 2@105 with one daughter in production with an average nursing ratio of 103. Her 2018 bull calf has been retained in the Whitestone program.

## Whitestone BLUE RIBBON 5105

## PossMaverick

Poss Maverick is one of the most popular Angus sires all across the globe. The Maverick progeny have surpassed expectations in terms of elite phenotype and carrying on his incredible EPD profile. Bold outlined and imposing 3 dimensional body composition rarely found in such a high marbling sire. The ability of backing up the genomic power with scale crushing data is what makes Maverick so unique. Maverick's elite combination of \$B, Marb, and phenotype make him a must use sire. He is the #1 \$B son of Basin Payweight 1682 and his first progeny are excelling in genomic scores and topping sales.

Montana  
**BLACKCAP**  
7053

**CONNEALY**  
**Craftsman**  
070R

Montana Blackcap 7053 maintains a calving interval of 4@368 and earned a progeny record of BR 3@100; WR 3@109 and 3@107, which gains her a place in the top 5% of the breed for BW and MB; the top 10% for CED and the top 15% for \$W.

Blackcap blends stunning good looks with mass and performance. She is a deep-sided, easy-fleshing and superbly uddered female.

The single most talked about bull of the Spring 2022 sales season, CRAFTSMAN was the \$500,000 record setting high seller at Connealy's sale! CRAFTSMAN posted very impressive performance ratios of 120@WW, 119@YW, 154@IMF and 107@RE in a large contemporary group. Sired by Sitz Resilient out of an impressive young Niobrara daughter,

CRAFTSMAN's physical presence and breed character add to his overall package. He is striking though his front 1/3 and offers great length and shape down his top with combined with excellent structural integrity. Highly sought after for his combination of \$M and \$C, along with the parts that compile those indexes. Mating options and directions are endless with CRAFTSMAN!

(403) 332-1567

## Montana 1038 JUDGEMENT

A big-ribbed and stoutly-constructed 3rd generation donor in the program. Descending from a dam with progeny ratios of BR 6@92; WR 6@106 and YR 5@103 and a grandam showing a progeny record of BR 5@99; WR 5@102; YR 5@102; IMF 72@102; RE 72@100, Rita 7204 posts a progeny record of BR 3@100; WR 3@100; YR 3@100 and IMF 5@113 with a calving interval of 4@361.

Montana Just In Time 1080, her son, is a herd sire prospect, while another son, Guideline 9304, was the lead-off War Party 1472 son selected by Gilliland Livestock of CA in the 2020 sale.

Evaluated by many astute cowmen as one of the most complete, fault-free bulls the breed has ever produced, Judgement was selected by a diverse and visionary set of breeders as the \$180,000 record-selling bull of the 2022 Montana Maternal Revival Sale. A revolutionary sire for type, maternal excellence, feed efficiency, fertility and cow longevity – the real-world profit drivers for ranchers, Judgement excels for growth relative to mature size, and gain relative to consumption.

Dominant in his muscle shape, with a huge top and expressive quarter, combined with a chiseled stifle, Judgement exhibited early sexual maturity with a beautiful crest, robust scrotal and a slick, shiny haircoat. A three-dimensional stud whose massive volume, base width and length sets a new standard, Judgement is ideal in his hoof design and travels with a long, effortless stride.

*Wiwa Creek*  
**TILDA 530'15**

Wiwa Creek Tilda 530'15 is a low maintenance female that displays tonnes of body capacity in a very complete and attractive package.

Tilda 530'15 is full of maternal greatness throughout her pedigree and is a no miss production female. Her sire, Lead Change was a past Agribition Division Champion and has left his mark siring highly sought after sons and daughters.

Look to Tilda 530'15 to be a hard-working female, high production brood cow that will give fast ROI.

*Barstow*  
**CASH 18y**

Cash took the 2012 spring bull sale season by storm when he sold 1/3 interest for \$108,000.00, making him the highest selling bull ever produced in the productive Barstow Angus program. Produced by a beautiful first calf heifer who weaned him at 113 ratio. Cash went on to earn a yearling ratio of 112 and scan with an adj. RE of 18.0 sq. in.

Cash is an exciting new calving ease sire that possesses a flawless genetic tabulation with a 64 lb. actual birth weight and strong growth, carcass, and \$B values. Cash is a sensibly-sized bull that is massive in his design with incredible body volume and shape, thickness, and muscle mass throughout. TOP 1% of the Breed for WW, YW and SC.

1682

**PAYWEIGHT**

Ranked Number 4 among all Angus sires for progeny registered in the 2018 fiscal year of the American Angus Association after ranking Number 6 in 2017, even though demand has been much larger than the amount of semen available for several years, this high volume, easy fleshing individual is one of the bulls that cattlemen admire at ORigen and one of the highest demand sires in the decade. With more than 30 different sons that topped bull sales across the nation in the spring of 2018, few calving-ease bulls in Angus history have ever offered the extreme body mass and depth of body that is a trademark of Payweight 1682 and his progeny, in combination with elite growth values and a look that appeals to both purebred and commercial cattlemen.

Payweight 1682 daughters in production display his depth of body and ease of fleshing with nice udder structure and a brood cow look. His daughters have topped Angus sales across the continent with his full sister Basin O Lass 1663 setting a Montana Angus record when half interest of her sold for \$210,000 at the NILE Sale in Billings after her first natural son topped the 2014 Midland Test Sale at \$105,000.

Maya Blackcap 247D is a deep bodied, wide ribbed female, with a nice solid frame. Beautifully balanced with loads of thickness and muscle shape. She stands on an ideal set of feet and legs and has the depth and capacity to produce. Consistent on her production, bringing to any program easy fleshing, milk and excellent udder and overall correct conformation. Blackcap 247D puts everything together in such a complete package.

*Maya* 247D  
**BLACKCAP**

*Duff* 19115  
**REAL DEAL**

Duff Real Deal was the top selling bull through the 2021 Power Plus Bull Sale, ranked top 1% for DMI and \$EN, along with an extra shot of power and style, with real maternal built in genetically. Perfectly emulates his name, he is a striking individual with abundant muscle, rib shape, and eye appeal all his own.

Real Deal's dam, Duff 3570, is out of the well-known female sire GCC Total Recall 806T. 3570 is ultra-feminine, eye appealing, fertile, and productive.

Maya Blackcap 247D is a deep bodied, wide ribbed female, with a nice solid frame. Beautifully balanced with loads of thickness and muscle shape. She stands on an ideal set of feet and legs and has the depth and capacity to produce.

Consistent on her production, bringing to any program easy fleshing, milk and excellent udder and overall correct conformation.

Blackcap 247D puts everything together in such a complete package.

Reckoning was the reigning Intermediate Angus Champion at both the 2021 OKC Cattlemen's Congress & 2020 NAILE! His dam was an extremely successful multiple time champion at all levels and is now producing breed changers. Reckoning is extremely up-headed & clean fronted with cool neck extension! He possesses ultra flexible joints with desirable body depth, dimension and muscle shape. Hair quality is a BONUS too. His sire, Believe, is one of Canada's highly valuable sires of recent times.

Reckoning is not only a bull to improve show quality, but is a great choice to improve herds of all types with his tremendous breed character, testicle shape, joint & foot quality, and overall excellent phenotype!

RIVERBEND  
314  
*Queen*

VIN-MAR 9563  
*O'Reilly Factor*

Queen 314N is a maternal sister to Select Sires' calving easy and top carcass bull EXT Traveler 205.

Vin-Mar O'Reilly is an extremely unique combination of flawless phenotype and structure. This bull is as big boned, thick made, and sound.

Her first daughter was Res. Grand Champion at the Canadian Junior National. She is both a genetic gem, and a powerful front pasture cow that originates from the prestigious Riverbend Ranch.

O'Reilly Factor was the most phenotypically imposing Angus bull shown at the 2011 NWSS that combined calving ease EPDs with and extraordinary growth. Many cattlemen admired the extra bone, body, style, and muscle shape that he possesses. He's an easy fleshing bull like his sire Final Answer, as balanced as the come and easy to look at.

Queen 314 is phenomenal in her phenotype, and flaw less in her production.

*Pleasant Pill*

516N

Presenting the dam of Triara "Above Par 666T". Pleasant Pill 516 found her way to be one of the top cows that have built the Triara breeding program.

Not surprising she comes from a famous cow family that produced the breed legend B/R New Frontier 095.

She is a very impressive cow with a nice udder and great overall conformation. A top quality genetics that will leave its mark in any herd.

**HF**

*Tiger*

**5T**

HF Tiger 5T - Tiger is probably the winningest Bull in Canadian Angus history. Along with all his accomplishments he was overall Champion at the World Angus Forum.

A true testament of Tiger's prolific ability to breed is reflected in the fact that progeny in numerous herds have gone on to top shows and sales throughout the country. He had a son sell for \$92,000.

This bull represents all the qualities people look for in Angus cattle. He has been admired by many astute cattlemen for his correct structure, appealing muscle shape, and proud character.

Red ACC Tibbie 13B is out of a very productive red cow. This red, moderate framed cow is made correct and true. She has a style and broodiness combined with a very unique pedigree. Red Tibbie is a feminine easy fleshing cow with a perfect udder and great rib.

# RREDS **SENECA** 7316

Seneca has proven to be a true-breeding. It's uncommon to have a bull produce top-notch sons and then come back with remarkable daughters. His performance and muscle allow him to compete with any other cattle in terms of gain while still siring females that are incredibly productive. The females are moderate, easy doing, and are proving to be some of the most productive young cows.

Seneca is a proven bull that possibly is the most prepotent herd sire encountered. Early rapid growth with reduced mature size designing daughters that are built to last in any environment.

**Red ACC**  
**TIBBIE** 46D

**RED U-2**  
**Authentic** 139A

Red ACC Tibbie 46D has a strong maternal pedigree with solid conformation, partnered with calving ease and stayability. She has a moderate frame with thick top and square hip.

This is a cow with a great udder and milking ability. This female has powerful genetics that will leave you wanting more.

Maternal greatness and sheer power are combined in this leading sire, Red U-2 Authentic 139A. Authentic was a past high-selling bull at U-2 Ranch and has gone on to be a potent breeder that has had positive production results for the three progressive breeders that own him. Phenotypically he is the ideal Red Angus sire, super clean fronted with an attractive head that will add length, power and over all completeness to his progeny. He is out of one of the great donors at U-2, Stormy 7202T, and complimented by a stacked maternal pedigree!

**Red ACC  
TIBBIE 46D**

**RED WHEEL  
CREED 214C**

Red ACC Tibbie 46D has a strong maternal pedigree with solid conformation, partnered with calving ease and stayability. She has a moderate frame with thick top and square hip.

This is a cow with a great udder and milking ability. This female has powerful genetics that will leave you wanting more.

Herd sires with the ability to combine the power that Red Wheel Creed possesses with exceptional maternal strength in an outcross pedigree are rare to find. Creed has the length of spine, muscle expression, bone and foot size which he transmit into his calves. This bull is backed by an exceptional dam and cow family. Creed's dam, Black Wheel Jestress 1y is a herd bull producing female. The Jestress cow family is noted for exceptional udders and hoof quality and being big ribbed productive females. A few straws of semen were available during the Pinnacle Sale in 2018, the quest for the very best Red Angus seedstock in Canada may be found. The significance of this great breeding bull is fully demonstrated throughout the pedigree, statistical information and the footnote discussion. This breeding bull, with progeny on the ground, is an opportunity to obtain the influence of one of the most dynamic breeding bulls in the industry today.

TIBBIE**

**RED U-2 413B  
Foreigner**

Red ACC Tibbie 94C has a striking profile and extension through her front, making her hard to miss. This cow is built right from front to back with a well balanced EPDs and a lots of milk.

She has a excellent udder, with extra volume and good feet. Tibbie is very sound yet expresses herself in a feminine broody kind of way.

You can't help but admire the quality and potential that this female has to offer.

Foreigner was a high seller in 2015 at \$73,000. His uniqueness in pedigree has attracted top breeders from across North America.

Foreigner was bred to some of the most elite donor and front-end cows, these matings have pumped out some of the most impressive outcross herd bulls ever raised.

He has outbred himself on many of these prospects and has passed on his super reliable built in calving ease.

**Red CCC**  
**530C**

**Towaw Larkaba**

**DUFF**

**1941**

**Red Wood**

Red CCC Towaw Larkaba 530C is dark red, deep bodied, long and feminine with a nice udder. She was a reserve Champion heifer at the 2016 Olds Fall Classic and Reserved Junior Yearling heifers 2016 at Farmfair International.

Her maternal grandsire, Red TerRon Digger 11L, was a direct son of the great Ter-Ron Brandy 11C cow, and is the grand sire of the \$80,000 Red Cockburn Ribeye bull. He bred until he was 11 years old and was one of the soundest structured bulls ever used at Towaw. Her grandam, Larkaba 10M, is a direct Red Towaw Indeed 104H daughter, she was a donor cow sold to Wildcat Creek for their flush program.

This Red Angus bull may be just as noble as the ancient redwood trees "Duff Redwood 1941". What a specimen he is in terms of depth of rib, fleshing ability and overall dimension in a moderate frame. Just like the coastal trees, you truly need to see Redwood for yourself to understand his overall quality and value. Duff Redwood 1941 will undoubtedly leave deep roots in the beef industry.

*Red Mar Mac* 104E  
**BONITA**

*Pie* 057  
**CAPTAIN**

The lead off female, and no coincidence the high seller bred heifer out of the Mar Mac 2018 female sale. Bonita 104E is an easy fleshing, thick, moderate framed feminine cow with lots of body depth and high performance EPDs. Weaning and yearling weight in the top 1% of the breed.

The Bonita cow family is well known for its maternal strength and breed consistency. Her dam, Bonita 65X, is one of the Canadian legends and high producing cow.

Pie Captain 057 has stood out since day one as a favorite with his volume. This bull not only has all the type, body capacity, and the top cow backing him but he was the #1 weaning and #1 yearling weight calf with only a 99 BW ratio and he did it without excessive frame. He stands on ideal feet and legs.

Captain also scanned a 5.69 IMF 121 ratio and 15.43 REA 109. It's really hard to find a bull that does so many things right. During the Pieper Red Angus 2021 sale he sold for \$150,000.

This Red Angus bull may be just as noble as the ancient redwood trees "Duff Redwood 1941". What a specimen he is in terms of depth of rib, fleshing ability and overall dimension in a moderate frame. Just like the coastal trees, you truly need to see Redwood for yourself to understand his overall quality and value.

Duff Redwood 1941 will undoubtedly leave deep roots in the beef industry.

**KUN GERALDINE**  
**G4**

**J2351**  
**HIRASHIGETAYASU**

Kun Geraldine G4 is stout and deep with femininity along with a pedigree of balance in both carcass quality and performance stemming from foundational lines such as CHR YASUFUKU and ITOZURU DOI build this growth and maternally driven female.

Her genetic balance mated to HIRASGIGETAYASU who's official Japanese progeny test showed that at least 80 percent of his steers would gain A5 or higher will leave you with great carcasses retail value .

Hirashigetayasu (ETJ 001) J2351 was sired by Dai 20 Hirashige J287. Hirashigetayasu's Kedaka lineage shows strong propensity for growth and balance with a larger frame. Females have very good maternal traits and milk very well. Carcasses from his offspring consistently grade on the high end but the marbling has a tendency to be moderately course.

ETJ001 Hirashigetayasu J2351 (FB670) has all three of the Westholme original import bulls in his pedigree (Kedaka, Fujiyoshi, and Tajima). He was sired by Dai 20 Hirashige J287, and his dam is Dai 5 Yuruhime.

**KUN GRACE**  
**G11**

World K's  
**MICHIFUKU** **FB 1615**

Long, deep, excellent rib shape and thickness are some of the quality features for **KUN GRACE G11**.

Backed by foundation lineage like **JVP KIKUYASU -400** who is used to improve frame size and ribeye size while maintaining the Tajima bloodline in offspring .

The mating of her with **MICHIFUKU** who's genetics are proven by consistent high EBV values for marbling, fineness of marbling and fullblood terminal index will create offspring with exceptional carcassing ability.

**World K's Michifuku (FB 1615)** was formerly the top marbling bull, according to the Wagyu sire summary. His sire is **Monjiro 11550**, and his dam is **Michiko J655635**.

**Michifuku's** sire produced a carcass that sold for \$21,000 at the 2007 All-Japan Wagyu competition (**Zenkoku**). Some believe that **Michifuku** is the most influential bull that ever left Japan and came to the U.S. **Michifuku** calves are thick with outstanding marbling, and the Wagyu cattle have pleasant dispositions. Most major herds in the U.S. and Australia have used this bull quite a bit, and **Michifuku** has kept the Wagyu herd alive with his many calves.

**KUN GEE G13**

**ITOMORITAKA J2703**  
**HONGEN**

With one of the most famous sires in Japan SHIGESHGIGENAMI 10632 in KUN GEE G13's lineage along with KIKUHANA TF 37 known for producing larger faster growing offspring with excellent phenotype and maternal traits.

G13 serves as a perfect combination of proven foundation genetics which is seen in Kun Gee G13 with depth, ribs, shape and square hip, along with lots of femininity and milk.

The mating of her to Itomoritaka J2703 is used to improve size and material characteristics in offspring will leave you with foundation building females.

ETJ002 Itomoritaka J2703 (FB681) another strong, sizable Japanese black Wagyu. In addition to his size, this bull has great potential for marbling and for producing premium calves.

Itomoritaka was sired by Itohirashige (FB680), and his dam was Dai 6 Oefujii J565554-Kuro Koh (FB679).

Itomoritaka, also known as "Rocky," has the highest milk EBV in the Australian breed plan (also high in the United States). This means that any daughters he sires will have the best possible milk production once they're dams.
