BBF Pleasant Pill 516N

Presenting the dam of Triara "Above Par 666T". Pleasant Pill 516 found her way to be one of the top cows that have built the Triara breeding program.

Not surprising she comes from a famous cow family that produced the breed legend B/R New Frontier 095.

She is a very impressive cow with a nice udder and great overall conformation. A top quality genetics that will leave its mark in any herd.

HF Tiger 5T

HF Tiger 5T – Tiger is probably the winningest Bull in Canadian Angus history. Along with all his accomplishments he was overall Champion at the World Angus Forum.

A true testament of Tiger's prolific ability to breed is reflected in the fact that progeny in numerous herds have gone on to top shows and sales throughout the country. He had a son sell for $92,000.

This bull represents all the qualities people look for in Angus cattle. He has been admired by many astute cattlemen for his correct structure, appealing muscle shape, and proud character.

Coleman 2302 DONNA

USA, MX & AUS Qualified

Red Minburn Copenhagen 3Y

Donna 2302 blends the calving-easy and the $w sire, with a big EPD for milk. Donna is high quality phenotype female with a long and deep body with a perfect udder. The donna cow family is synonymous of raising top producing individuals at Coleman angus meeting all expectations with a maternal masterpiece combination, and donna 2301 is living up to her heritage.

Donna 2302 carries a br 2@92, a wr 2@104 and a yr 1@100. Her dam records a br 3@98, a wr 3@109 and a yr 3@106 while two daughters maintain a combined wr 3@105. Donna is consistent on her production bringing to any program easy fleshing, milk and excellent udder and overall correct conformation. Her 2016 natural calf is an outstanding heifer sired by resource weighed 731 lbs. At 7.5 mo. of age.

The Masterpiece record-setting outcross bull that keeps siring bull and heifer calves that rise to the top. Copenhagen 3Y has 14 sons working in the purebred herds and many more in some of the top commercial programs in the country. His daughters have turned into model Angus cows, built to stand the test of time.

IVF

Poss Maverick

Poss Maverick is one of the most popular Angus sires all across the globe. The Maverick progeny have surpassed expectations in terms of elite phenotype and carrying on his incredible EPD profile. Bold outlined and imposing 3 dimensional body composition rarely found in such a high marbling sire. The ability of backing up the genomic power with scale crushing data is what makes Maverick so unique. Maverick's elite combination of $B, Marb, and phenotype make him a must use sire. He is the #1 $B son of Basin Payweight 1682 and his first progeny are excelling in genomic scores and topping sales.

Coleman DONNA 6243D

Sitz STELLAR 726D

Sitz Stellar 726D, is one of the most prolific sires in the history of Sitz Angus.

He was the 2017 Sitz Angus Sale Topper. With big time calving ease and performance, combining a 62 pound birth weight with a 900+ pound weaning weight.

Stellar has an outstanding maternal pedigree and design with a breed leading $Weaning Index. He is a super thick topped and deep sided bull that only improved his power house phenotype while breeding cows as a yearling.

EDWARDS LADY RITO 39B (EDAN 39B)

BROOKING TRENDSPOTTER 6166

Edwards Lady Rito 39B (Edan 39B) Is an easy fleshing, square hipped, deep bodied daughter of the popular Soo Line Motive. The grand dam Justamere Lady Rito 839W was the high selling heifer calf at the historic Justamere dispersal.

Ai'd safe to the exciting 74-51 Sudden Look.

Edan 39B is a high quality phenotype female with a long and deep body with a perfect udder.

An impeccable pedigree, flawless phenotype and ideal EPD spread surrounds the great TRENDSPOTTER. He has a stacked pedigree with some of the very best Angus females of all time right up close including the great EA Rose 918 and the World Forum Champions, Soo Line Annie K 9165 and Soo Line Annie K 6271. With just an 84 pound BW, he posts an impressive 919 WW and 1470 YW while sporting an impressive spread of EPDs that lands him in the top 2% for WW & YW, top 4% for TM. It is hard, almost impossible to combine the number and impeccable pedigree that TRENDSPOTTER carries while his phenotype is possibly his biggest asset. Look for him to add muscle shape, stoutness, hair, depth of body, foot quality and overall soundness in an attractive package. We feel TRENDSPOTTER has an unlimited arsenal to offer the Angus industry and one of the most exciting bulls to hit the open semen market in some time.

JACS BLACKCAP 0247

Here is a stunning female that is straight on her lines, level hipped with an attractive look. Blackcap 0247X has raised off spring that share her erect front end and superior phenotype. This is one of our absolute favorites cows that came from Gilchrist farms in Ontario.

0247X pedigree is backed up by sires like SAV Final Answer, and N Bar Emulation EXT, she is a direct SAV Pioneer daughter. Her embryo basket feature embryos sired by some of the most popular and heavily use bulls in North America, with balanced EPDs and mind blowing phenotypes.

International Markets Embryo Exports

Canadian Embryo Transfer Association CETA/ACTE Certified

BROOKING FIREBRAND 6068

Firebrand was the top selling bull at the 2017 Brooking Angus Sale, SK where they proclaimed he's a milestone breeding achievement, blending abundance of thickness, testicle development, muscle and dimension with a unique, clean, erect front third, based on a great set of feet and legs. Fantastic females are included on both sides of the pedigree to bolster Firebrand's appeal as a tremendous breeding piece!

Firebrand is supported by cow family strength on both sides of his pedigree. His sire's dam EA Rose 918 is what an Angus cow should look like. Firebrand's dam, Brooking Annie K 390, is a moderate framed female that is very angular fronted and has a beautiful udder. Firebrand is a sire to tie on to.

Musgrave 811 CRACKERJACK

The excitement continues to build around Crackerjack as his first calves hit the ground small, but with superior vigor and growth. They're jet black, stylish and massive just like their sire. Musgrave's identified Crackerjack early as the next step forward in their breeding program for his powerful yet proud look, structure and balanced genetic predictions. His productive dam has power, substance and complimentary femininity, with incredible udder quality and excellent feet. Crackerjack is pleasing many for his exceptional feet, large scrotal development and extra muscle expression. We believe Crackerjack has as much scope and future as any young sire in the A.I. industry.

Maya 247D BLACKCAP

Basin 1682 PAYWEIGHT

Maya Blackcap 247D is a deep bodied, wide ribbed female, with a nice solid frame. Beautifully balanced with loads of thickness and muscle shape.

Blackcap 247D stands on an ideal set of feet and legs and has the depth and capacity to produce.

She is consistent on her production bringing to any program easy fleshing, milk and excellent udder and overall correct conformation.

Blackcap 247D puts everything together in such a complete package.

Ranked Number 4 among all Angus sires for progeny registered in the 2018 fiscal year of the American Angus Association after ranking Number 6 in 2017, even though demand has been much larger than the amount of semen available for several years, this high volume, easy fleshing individual is one of the bulls that cattlemen admire at ORIgen and one of the highest demand sires in the decade. With more than 30 different sons that topped bull sales across the nation in the spring of 2018, few calving-ease bulls in Angus history have ever offered the extreme body mass and depth of body that is a trademark of Payweight 1682 and his progeny, in combination with elite growth values and a look that appeals to both purebred and commercial cattlemen.

Payweight 1682 daughters in production display his depth of body and ease of fleshing with nice udder structure and a brood cow look and his daughters have topped Angus sales across the continent with his full sister Basin O Lass 1663 setting a Montana Angus record when half interest of her sold for $210,000 at the NILE Sale in Billings after her first natural son topped the 2014 Midland Test Sale at $105,000.

EPDs Fall 2018:
Top 1% for $Weaned calf value index Better than breed average for Scrotal Circumference EPD, Docility score EPD, Calving Ease Maternal EPD, maternal Milk EPD, reducing Mature Weight EPD, Calving Ease Direct EPD and Birth Weight EPD Phenotype data includes weaning records from 831 daughters in 220 herds, 44 progeny harvested in 23 groups and 4,380 progeny scanned in 1,507 groups

Maya 247D BLACKCAP

HILL VALLEY RECKONING 931

Maya Blackcap 247D is a deep bodied, wide ribbed female, with a nice solid frame. Beautifully balanced with loads of thickness and muscle shape. She stands on an ideal set of feet and legs and has the depth and capacity to produce.

Consistent on her production, bringing to any program easy fleshing, milk and excellent udder and overall correct conformation.

Blackcap 247D puts everything together in such a complete package.

Reckoning was the reigning Intermediate Angus Champion at both the 2021 OKC Cattlemen's Congress & 2020 NAILE! His dam was an extremely successful multiple time champion at all levels and is now producing breed changers. Reckoning is extremely up-headed & clean fronted with cool neck extension! He possesses ultra flexible joints with desirable body depth, dimension and muscle shape. Hair quality is a BONUS too. His sire, Believe, is one of Canada's highly valuable sires of recent times.

Reckoning is not only a bull to improve show quality, but is a great choice to improve herds of all types with his tremendous breed character, testicle shape, joint & foot quality, and overall excellent phenotype!

Maya 5G BLACKCAP

Maya Blackcap 5G is a carbon copy of her dam Maya Blackcap 247D and grand-dam Jac's Blackcap 0247.

5G is a deep bodied, wide ribbed female, with a solid frame and a big presence. Beautifully balanced with loads of thickness and muscle shape. She stands on an ideal set of feet and legs, with an erect front end, superior phenotype and has the depth and capacity to produce.

DAM – Maya Blackcap 247D

SIRE – Vin-Mar O'Reilly Factor

Poss 9731 DEADWOOD

Poss Deadwood has captured the attention of the breed since he was at the side of his dam. Few bulls have generated the across country allure like he has. A-typical with length of body and extension for a Maverick son, Deadwood looks to bring muscle and top shelf end product merit with calving ease.

His pedigree can be used on nearly any genetic base. Of his contemporaries, in this league of elite EPD's, we feel he has the best opportunity, via pedigree and his own performance to sire cattle that can meet his EPD profile.

Coleman Resource 708

Coleman Resource 708 is a true "Cattleman's Kind" of Angus bull. He is loaded with muscle, and dimension, along with tremendous body, and perfect feet, and comes at you in an eye appealing package. Coleman Resource 708 has done it the old fashion way, in the breeding pasture. His daughters have beautiful udders, perfect feet, and wean off heavy calves.

He is by the Pathfinder Sire who has carried on the Rito linage and back to a daughter of Coleman Manning 0299 and back to the $93,000 valued past top-selling Coleman Donna 005. He is a great grandson of the $200,000 valued Coleman Donna 386.

Montana RITA 7204

A big-ribbed and stoutly-constructed 3rd generation donor in the program. Descending from a dam with progeny ratios of BR 6@92; WR 6@106 and YR 5@103 and a grandam showing a progeny record of BR 5@99; WR 5@102; YR 5@102; IMF 72@102; RE 72@100, Rita 7204 posts a progeny record of BR 3@100; WR 3@100; YR 3@100 and IMF 5@113 with a calving interval of 4@361.

Montana Just In Time 1080, her son, is a herd sire prospect, while another son, Guideline 9304, was the lead-off War Party 1472 son selected by Gilliland Livestock of CA in the 2020 sale.

Haroldson's AH Alpine 271L

Haroldson's AH Alpine 271L is gathering much attention. His hair, structure, and natural muscle shape – not to mention his impressive paperwork – are just a few of his standout attributes. After fetching an impressive $118,000 sale price, his fan base only grew, with multiple requests for semen from critical breeders. The only semen ever offered was Freeze '24 where 6 units brought a whopping $1,800 per unit. Alpine is the next up and comer. He possesses more positive attributes than any bull we've seen in some time. Perfect hind leg, big backed, incredible softness and just good looking from every position. Early reports say salves are coming easy with loads of vigor.

Montana RITA 7204

♀

KT Commander 4680

Montana Rita 7204 stands as a powerful, third-generation donor anchored by deep-bodied dimension, big-ribbed capacity, and a stout structural design. She tracks back to a proven, highly productive dam holding impressive progeny ratios of BR 6@92, WR 6@106, and YR 5@103, and a legendary grandam with an extensive carcass record featuring 72 head evaluated (IMF @102, RE @100).

Rita 7204 perfectly carries on this maternal legacy, maintaining an ultra-efficient 4@361 calving interval while posting balanced progeny ratios of BR 3@100, WR 3@100, YR 3@100, and an exceptional IMF 5@113.

KT Commander 4680 is a standout purebred Angus herd sire celebrated for his massive dimension, easy-fleshing ability, and exceptional structural soundness. Commander brings explosive growth to the table, boasting a 785 lb weaning weight and a 1,420 lb yearling weight, backed by an impressive EPD profile featuring +75 WW and +134 YW.

Genetically elite, Commander's deep-rooted maternal pedigree ties directly back to industry-defining cow families like Coleman Donna 714, Brooking Beauty 6051, and S.A.V. Madame Pride 0151.

These female sexed embryos represent an unmatched opportunity to inject power, performance, and highly marketable maternal royalty straight into your breeding program.

Montana JUDGEMENT 1038

A big-ribbed and stoutly-constructed 3rd generation donor in the program. Descending from a dam with progeny ratios of BR 6@92; WR 6@106 and YR 5@103 and a grandam showing a progeny record of BR 5@99; WR 5@102; YR 5@102; IMF 72@102; RE 72@100, Rita 7204 posts a progeny record of BR 3@100; WR 3@100; YR 3@100 and IMF 5@113 with a calving interval of 4@361.

Montana Just In Time 1080, her son, is a herd sire prospect, while another son, Guideline 9304, was the lead-off War Party 1472 son selected by Gilliland Livestock of CA in the 2020 sale.

Evaluated by many astute cowmen as one of the most complete, fault-free bulls the breed has ever produced, Judgement was selected by a diverse and visionary set of breeders as the $180,000 record-selling bull of the 2022 Montana Maternal Revival Sale. A revolutionary sire for type, maternal excellence, feed efficiency, fertility and cow longevity – the real-world profit drivers for ranchers, Judgement excels for growth relative to mature size, and gain relative to consumption.

Dominant in his muscle shape, with a huge top and expressive quarter, combined with a chiseled stifle, Judgement exhibited early sexual maturity with a beautiful crest, robust scrotal and a slick, shiny haircoat. A three-dimensional stud whose massive volume, base width and length sets a new standard, Judgement is ideal in his hoof design and travels with a long, effortless stride.

Red MINBURN 300Y MAY

Red Minburn May 300Y is a full sister to the breed legend, Red Minburn Copenhagen! Copenhagen and another full sister took Agribition by storm in 2011 at a figure of $67,000 for Copenhagen to U2 Ranch and Heart of the Valley. Copenhagen daughters were a highlight at the U2 dispersal bringing some long dollars while Copenhagen semen, while limited in it's availability has commanded over $300 a straw. 300Y is an absolute mirrored image of what a Copenhagen daughter looks like. Sound, good footed, productive cows.

Merit 1054J INVESTMENT

Merit Investment 1054J was the high selling bull at the Merit Bull Sale for $85,000 in a hotly contested battle. His dam has done so much for the industry already with many top sellers for many folks.

RIVERBEND 314 Queen

Queen 314N is a maternal sister to Select Sires' calving easy and top carcass bull EXT Traveler 205.

Her first daughter was Res. Grand Champion at the Canadian Junior National. She is both a genetic gem, and a powerful front pasture cow that originates from the prestigious Riverbend Ranch.

Queen 314 is phenomenal in her phenotype, and flaw less in her production.

VIN-MAR 9563 O'Reilly Factor

Vin-Mar O'Reilly is an extremely unique combination of flawless phenotype and structure. This bull is as big boned, thick made, and sound.

O'Reilly Factor was the most phenotypically imposing Angus bull shown at the 2011 NWSS that combined calving ease EPDs with and extraordinary growth. Many cattlemen admired the extra bone, body, style, and muscle shape that he possesses. He's an easy fleshing bull like his sire Final Answer, as balanced as the come and easy to look at.

KT Commander 4680

Rudow's Empress 677 looks are double take material. Proven calving ease on both sides of her linage with royal status. Sired by the epic king pin of low birth plus maternal efficiency OCC Homer 650H.

Her dam is sired by the proven low input calving ease and phenotypic sire OCC You Bet 800Y.

That being said 677 is built to produce low birth efficient herd sires and daughters that produce the same kind!

KT Commander 4680 is a standout purebred Angus herd sire celebrated for his massive dimension, easy-fleshing ability, and exceptional structural soundness. Commander brings explosive growth to the table, boasting a 785 lb weaning weight and a 1,420 lb yearling weight, backed by an impressive EPD profile featuring +75 WW and +134 YW. Genetically elite, Commander's deep-rooted maternal pedigree ties directly back to industry-defining cow families like Coleman Donna 714, Brooking Beauty 6051, and S.A.V. Madame Pride 0151.

SAV 6846 Rainfall

Rainfall is a standout from a landmark flush at Schaff's Angus Valley with credentials to write a whole new chapter in Angus history. He combines dominating phenotype, superior confirmation and outlier thickness, muscle shape, capacity and pounds, while blending a fresh pedigree, proven outcross calving ease genetics and the greatest maternal cow in the Angus breed.

He sires added length, soundness and unmistakable herd bull presence in his sons. His daughters are stunning in an elegant maternal package. He sets himself apart with his dominating hip and rear-leg structure with muscle shape and flawless phenotype. A $ Weaning leader that offers strong MARB and REA predictions in an easy fleshing, big-bodied, good footed design. He brings calving ease, maternal strength and performance together – fundamental elements to build from.

Whitestone BLUE RIBBON 5105

A high numbered daughter of Basin Excitement and featured Blue Ribbon family from the Whitestone program. This female excels from an EPD standpoint coupled with outstanding performance and phenotype. She is a three generation AI female with big numbers. She had an individual weaning ratio of 114, a yearling ratio of 113 and an EPD value of +164.74 for dollar beef. She stems from a dam that records WR 2@111, YR 2@115, %IMF2@ 113, UREA 2@105 with one daughter in production with an average nursing ratio of 103. Her 2018 bull calf has been retained in the Whitestone program.

J TRADEMARK 1037 TM

The newest herd bull in the Coleman program that was selected as the $165,000 top-selling bull with Conley Cattle of Sulphur, Oklahoma from the Cattleman's Cut Sale in Nebraska. He is a heifer bull with added performance and is the highest $C son of Sitz Resilient 10208 in the breed and ranks in the top 1% for $M. He has an outcross pedigree with tremendous phenotype. His mother is a tremendous producer with six head at 103 on weaning and a calving interval of 347 on six head and stems from a long line of productive Georgina females, that have longevity.
