BBF Pleasant Pill 516N

Presenting the dam of Triara "Above Par 666T". Pleasant Pill 516 found her way to be one of the top cows that have built the Triara breeding program.

Not surprising she comes from a famous cow family that produced the breed legend B/R New Frontier 095.

She is a very impressive cow with a nice udder and great overall conformation. A top quality genetics that will leave its mark in any herd.

HF Tiger 5T

HF Tiger 5T – Tiger is probably the winningest Bull in Canadian Angus history. Along with all his accomplishments he was overall Champion at the World Angus Forum.

A true testament of Tiger's prolific ability to breed is reflected in the fact that progeny in numerous herds have gone on to top shows and sales throughout the country. He had a son sell for $92,000.

This bull represents all the qualities people look for in Angus cattle. He has been admired by many astute cattlemen for his correct structure, appealing muscle shape, and proud character.

Coleman 2302 DONNA

USA, MX & AUS Qualified

Red Minburn Copenhagen 3Y

Donna 2302 blends the calving-easy and the $w sire, with a big EPD for milk. Donna is high quality phenotype female with a long and deep body with a perfect udder. The donna cow family is synonymous of raising top producing individuals at Coleman angus meeting all expectations with a maternal masterpiece combination, and donna 2301 is living up to her heritage.

Donna 2302 carries a br 2@92, a wr 2@104 and a yr 1@100. Her dam records a br 3@98, a wr 3@109 and a yr 3@106 while two daughters maintain a combined wr 3@105. Donna is consistent on her production bringing to any program easy fleshing, milk and excellent udder and overall correct conformation. Her 2016 natural calf is an outstanding heifer sired by resource weighed 731 lbs. At 7.5 mo. of age.

The Masterpiece record-setting outcross bull that keeps siring bull and heifer calves that rise to the top. Copenhagen 3Y has 14 sons working in the purebred herds and many more in some of the top commercial programs in the country. His daughters have turned into model Angus cows, built to stand the test of time.

Coleman Donna 6243D is a direct daughter of one of the most productive donor cows at Bova-Tech (BTL). Her dam Coleman Donna 2302Z has sold embryos across Canada and other countries producing outstanding offspring with the different sires used.

6243D is a carbon copy of her dam and direct daughter of SAV Resource 1441. She carries an amazing deep body with a great rib and overall thicknesses. A cow of a gentle disposition, amazing feet and udder structure with balanced EPDs. 6243D is an easy fleshing cow that maintains high body condition scores through out the year, even milking and raising a calf in pasture conditions.

Coleman DONNA 6243D

Merit 1054J INVESTMENT

Merit Investment 1054J was the high selling bull at the Merit Bull Sale for $85,000 in a hotly contested battle. His dam has done so much for the industry already with many top sellers for many folks.

IVF

Poss Maverick

Poss Maverick is one of the most popular Angus sires all across the globe. The Maverick progeny have surpassed expectations in terms of elite phenotype and carrying on his incredible EPD profile. Bold outlined and imposing 3 dimensional body composition rarely found in such a high marbling sire. The ability of backing up the genomic power with scale crushing data is what makes Maverick so unique. Maverick's elite combination of $B, Marb, and phenotype make him a must use sire. He is the #1 $B son of Basin Payweight 1682 and his first progeny are excelling in genomic scores and topping sales.

Sitz STELLAR 726D

Sitz Stellar 726D, is one of the most prolific sires in the history of Sitz Angus.

He was the 2017 Sitz Angus Sale Topper. With big time calving ease and performance, combining a 62 pound birth weight with a 900+ pound weaning weight.

Stellar has an outstanding maternal pedigree and design with a breed leading $Weaning Index. He is a super thick topped and deep sided bull that only improved his power house phenotype while breeding cows as a yearling.

EDWARDS LADY RITO 39B (EDAN 39B)

Edwards Lady Rito 39B (Edan 39B) Is an easy fleshing, square hipped, deep bodied daughter of the popular Soo Line Motive. The grand dam Justamere Lady Rito 839W was the high selling heifer calf at the historic Justamere dispersal.

Ai'd safe to the exciting 74-51 Sudden Look.

Edan 39B is a high quality phenotype female with a long and deep body with a perfect udder.

BROOKING TRENDSPOTTER 6166

An impeccable pedigree, flawless phenotype and ideal EPD spread surrounds the great TRENDSPOTTER. He has a stacked pedigree with some of the very best Angus females of all time right up close including the great EA Rose 918 and the World Forum Champions, Soo Line Annie K 9165 and Soo Line Annie K 6271. With just an 84 pound BW, he posts an impressive 919 WW and 1470 YW while sporting an impressive spread of EPDs that lands him in the top 2% for WW & YW, top 4% for TM. It is hard, almost impossible to combine the number and impeccable pedigree that TRENDSPOTTER carries while his phenotype is possibly his biggest asset. Look for him to add muscle shape, stoutness, hair, depth of body, foot quality and overall soundness in an attractive package. We feel TRENDSPOTTER has an unlimited arsenal to offer the Angus industry and one of the most exciting bulls to hit the open semen market in some time.

BROOKING FIREBRAND 6068

Firebrand was the top selling bull at the 2017 Brooking Angus Sale, SK where they proclaimed he's a milestone breeding achievement, blending abundance of thickness, testicle development, muscle and dimension with a unique, clean, erect front third, based on a great set of feet and legs. Fantastic females are included on both sides of the pedigree to bolster Firebrand's appeal as a tremendous breeding piece!

Firebrand is supported by cow family strength on both sides of his pedigree. His sire's dam EA Rose 918 is what an Angus cow should look like. Firebrand's dam, Brooking Annie K 390, is a moderate framed female that is very angular fronted and has a beautiful udder. Firebrand is a sire to tie on to.

Musgrave 811 CRACKERJACK

The excitement continues to build around Crackerjack as his first calves hit the ground small, but with superior vigor and growth. They're jet black, stylish and massive just like their sire. Musgrave's identified Crackerjack early as the next step forward in their breeding program for his powerful yet proud look, structure and balanced genetic predictions. His productive dam has power, substance and complimentary femininity, with incredible udder quality and excellent feet. Crackerjack is pleasing many for his exceptional feet, large scrotal development and extra muscle expression. We believe Crackerjack has as much scope and future as any young sire in the A.I. industry.

Maya 247D BLACKCAP

Basin 1682 PAYWEIGHT

Maya Blackcap 247D is a deep bodied, wide ribbed female, with a nice solid frame. Beautifully balanced with loads of thickness and muscle shape.

Blackcap 247D stands on an ideal set of feet and legs and has the depth and capacity to produce.

She is consistent on her production bringing to any program easy fleshing, milk and excellent udder and overall correct conformation.

Blackcap 247D puts everything together in such a complete package.

Ranked Number 4 among all Angus sires for progeny registered in the 2018 fiscal year of the American Angus Association after ranking Number 6 in 2017, even though demand has been much larger than the amount of semen available for several years, this high volume, easy fleshing individual is one of the bulls that cattlemen admire at ORIgen and one of the highest demand sires in the decade. With more than 30 different sons that topped bull sales across the nation in the spring of 2018, few calving-ease bulls in Angus history have ever offered the extreme body mass and depth of body that is a trademark of Payweight 1682 and his progeny, in combination with elite growth values and a look that appeals to both purebred and commercial cattlemen.

Payweight 1682 daughters in production display his depth of body and ease of fleshing with nice udder structure and a brood cow look and his daughters have topped Angus sales across the continent with his full sister Basin O Lass 1663 setting a Montana Angus record when half interest of her sold for $210,000 at the NILE Sale in Billings after her first natural son topped the 2014 Midland Test Sale at $105,000.

EPDs Fall 2018:
Top 1% for $Weaned calf value index Better than breed average for Scrotal Circumference EPD, Docility score EPD, Calving Ease Maternal EPD, maternal Milk EPD, reducing Mature Weight EPD, Calving Ease Direct EPD and Birth Weight EPD Phenotype data includes weaning records from 831 daughters in 220 herds, 44 progeny harvested in 23 groups and 4,380 progeny scanned in 1,507 groups

Maya 247D BLACKCAP

HILL VALLEY RECKONING 931

Maya Blackcap 247D is a deep bodied, wide ribbed female, with a nice solid frame. Beautifully balanced with loads of thickness and muscle shape. She stands on an ideal set of feet and legs and has the depth and capacity to produce.

Consistent on her production, bringing to any program easy fleshing, milk and excellent udder and overall correct conformation.

Blackcap 247D puts everything together in such a complete package.

Reckoning was the reigning Intermediate Angus Champion at both the 2021 OKC Cattlemen's Congress & 2020 NAILE! His dam was an extremely successful multiple time champion at all levels and is now producing breed changers. Reckoning is extremely up-headed & clean fronted with cool neck extension! He possesses ultra flexible joints with desirable body depth, dimension and muscle shape. Hair quality is a BONUS too. His sire, Believe, is one of Canada's highly valuable sires of recent times.

Reckoning is not only a bull to improve show quality, but is a great choice to improve herds of all types with his tremendous breed character, testicle shape, joint & foot quality, and overall excellent phenotype!

Maya 5G BLACKCAP

Maya Blackcap 5G is a carbon copy of her dam Maya Blackcap 247D and grand-dam Jac's Blackcap 0247.

5G is a deep bodied, wide ribbed female, with a solid frame and a big presence. Beautifully balanced with loads of thickness and muscle shape. She stands on an ideal set of feet and legs, with an erect front end, superior phenotype and has the depth and capacity to produce.

DAM – Maya Blackcap 247D

SIRE – Vin-Mar O'Reilly Factor

Poss 9731 DEADWOOD

Poss Deadwood has captured the attention of the breed since he was at the side of his dam. Few bulls have generated the across country allure like he has. A-typical with length of body and extension for a Maverick son, Deadwood looks to bring muscle and top shelf end product merit with calving ease.

His pedigree can be used on nearly any genetic base. Of his contemporaries, in this league of elite EPD's, we feel he has the best opportunity, via pedigree and his own performance to sire cattle that can meet his EPD profile.

MAYA DONNA 42M

Sired by Deer Valley Growth Fund and out of Coleman Donna 2302, Maya Donna 42M represents an opportunity to access proven Angus genetics from a respected cow family. Combining the influence of Growth Fund with the Donna lineage, she offers an appealing pedigree for breeders looking to add value and genetic diversity to their programs. Her embryos present an opportunity to build on this established genetic foundation and produce the next generation of Angus cattle.

Blair's 266F EXTERNAL LAW

You won't find many angus bulls that match the sheer power, mass, and dimension of Blair's External Law. He brings the kind of commanding presence and performance-driven look that makes him stand out from the crowd. backed by the legendary 74a donor, these embryos offer an exciting opportunity to build cattle with added substance, muscle, and eye appeal.

This mating offers an exciting opportunity to combine herd bull presence with proven maternal excellence and build the next generation of standout Angus cattle

Montana RITA 7204

A big-ribbed and stoutly-constructed 3rd generation donor in the program. Descending from a dam with progeny ratios of BR 6@92; WR 6@106 and YR 5@103 and a grandam showing a progeny record of BR 5@99; WR 5@102; YR 5@102; IMF 72@102; RE 72@100, Rita 7204 posts a progeny record of BR 3@100; WR 3@100; YR 3@100 and IMF 5@113 with a calving interval of 4@361.

Montana Just In Time 1080, her son, is a herd sire prospect, while another son, Guideline 9304, was the lead-off War Party 1472 son selected by Gilliland Livestock of CA in the 2020 sale.

Coleman Resource 708

Coleman Resource 708 is a true "Cattleman's Kind" of Angus bull. He is loaded with muscle, and dimension, along with tremendous body, and perfect feet, and comes at you in an eye appealing package. Coleman Resource 708 has done it the old fashion way, in the breeding pasture. His daughters have beautiful udders, perfect feet, and wean off heavy calves.

He is by the Pathfinder Sire who has carried on the Rito linage and back to a daughter of Coleman Manning 0299 and back to the $93,000 valued past top-selling Coleman Donna 005. He is a great grandson of the $200,000 valued Coleman Donna 386.

Haroldson's AH Alpine 271L

Haroldson's AH Alpine 271L is gathering much attention. His hair, structure, and natural muscle shape – not to mention his impressive paperwork – are just a few of his standout attributes. After fetching an impressive $118,000 sale price, his fan base only grew, with multiple requests for semen from critical breeders. The only semen ever offered was Freeze '24 where 6 units brought a whopping $1,800 per unit. Alpine is the next up and comer. He possesses more positive attributes than any bull we've seen in some time. Perfect hind leg, big backed, incredible softness and just good looking from every position. Early reports say salves are coming easy with loads of vigor.

Hill Valley RECKONING 931

Reckoning was the reigning Intermediate Angus Champion at both the 2021 OKC Cattlemen's Congress & 2020 NAILE! His dam was an extremely successful multiple-time champion at all levels and is now producing breed changers. Reckoning is extremely up-headed & clean fronted with cool neck extension! He possesses ultra-flexible joints with desirable body depth, dimension and muscle shape. Hair quality is a BONUS too. His sire, Believe, is one of Canada's highly valuable sires of recent times.

Reckoning is not only a bull to improve show quality, but is a great choice to improve herds of all types with his tremendous breed character, testicle shape, joint & foot quality, and overall excellent phenotype!

Montana RITA 7204

♀

KT Commander 4680

Montana Rita 7204 stands as a powerful, third-generation donor anchored by deep-bodied dimension, big-ribbed capacity, and a stout structural design. She tracks back to a proven, highly productive dam holding impressive progeny ratios of BR 6@92, WR 6@106, and YR 5@103, and a legendary grandam with an extensive carcass record featuring 72 head evaluated (IMF @102, RE @100).

Rita 7204 perfectly carries on this maternal legacy, maintaining an ultra-efficient 4@361 calving interval while posting balanced progeny ratios of BR 3@100, WR 3@100, YR 3@100, and an exceptional IMF 5@113.

KT Commander 4680 is a standout purebred Angus herd sire celebrated for his massive dimension, easy-fleshing ability, and exceptional structural soundness. Commander brings explosive growth to the table, boasting a 785 lb weaning weight and a 1,420 lb yearling weight, backed by an impressive EPD profile featuring +75 WW and +134 YW.

Genetically elite, Commander's deep-rooted maternal pedigree ties directly back to industry-defining cow families like Coleman Donna 714, Brooking Beauty 6051, and S.A.V. Madame Pride 0151.

These female sexed embryos represent an unmatched opportunity to inject power, performance, and highly marketable maternal royalty straight into your breeding program.

Montana JUDGEMENT 1038

A big-ribbed and stoutly-constructed 3rd generation donor in the program. Descending from a dam with progeny ratios of BR 6@92; WR 6@106 and YR 5@103 and a grandam showing a progeny record of BR 5@99; WR 5@102; YR 5@102; IMF 72@102; RE 72@100, Rita 7204 posts a progeny record of BR 3@100; WR 3@100; YR 3@100 and IMF 5@113 with a calving interval of 4@361.

Montana Just In Time 1080, her son, is a herd sire prospect, while another son, Guideline 9304, was the lead-off War Party 1472 son selected by Gilliland Livestock of CA in the 2020 sale.

Evaluated by many astute cowmen as one of the most complete, fault-free bulls the breed has ever produced, Judgement was selected by a diverse and visionary set of breeders as the $180,000 record-selling bull of the 2022 Montana Maternal Revival Sale. A revolutionary sire for type, maternal excellence, feed efficiency, fertility and cow longevity – the real-world profit drivers for ranchers, Judgement excels for growth relative to mature size, and gain relative to consumption.

Dominant in his muscle shape, with a huge top and expressive quarter, combined with a chiseled stifle, Judgement exhibited early sexual maturity with a beautiful crest, robust scrotal and a slick, shiny haircoat. A three-dimensional stud whose massive volume, base width and length sets a new standard, Judgement is ideal in his hoof design and travels with a long, effortless stride.

Red MINBURN 300Y MAY

Red Minburn May 300Y is a full sister to the breed legend, Red Minburn Copenhagen! Copenhagen and another full sister took Agribition by storm in 2011 at a figure of $67,000 for Copenhagen to U2 Ranch and Heart of the Valley. Copenhagen daughters were a highlight at the U2 dispersal bringing some long dollars while Copenhagen semen, while limited in it's availability has commanded over $300 a straw. 300Y is an absolute mirrored image of what a Copenhagen daughter looks like. Sound, good footed, productive cows.

Merit 1054J INVESTMENT

Merit Investment 1054J was the high selling bull at the Merit Bull Sale for $85,000 in a hotly contested battle. His dam has done so much for the industry already with many top sellers for many folks.

RIVERBEND 314 Queen

Queen 314N is a maternal sister to Select Sires' calving easy and top carcass bull EXT Traveler 205.

Her first daughter was Res. Grand Champion at the Canadian Junior National. She is both a genetic gem, and a powerful front pasture cow that originates from the prestigious Riverbend Ranch.

Queen 314 is phenomenal in her phenotype, and flaw less in her production.

VIN-MAR 9563 O'Reilly Factor

Vin-Mar O'Reilly is an extremely unique combination of flawless phenotype and structure. This bull is as big boned, thick made, and sound.

O'Reilly Factor was the most phenotypically imposing Angus bull shown at the 2011 NWSS that combined calving ease EPDs with and extraordinary growth. Many cattlemen admired the extra bone, body, style, and muscle shape that he possesses. He's an easy fleshing bull like his sire Final Answer, as balanced as the come and easy to look at.

RUDOW'S 677 EMPRESS

KT Commander 4680

Rudow's Empress 677 looks are double take material. Proven calving ease on both sides of her linage with royal status. Sired by the epic king pin of low birth plus maternal efficiency OCC Homer 650H.

Her dam is sired by the proven low input calving ease and phenotypic sire OCC You Bet 800Y.

That being said 677 is built to produce low birth efficient herd sires and daughters that produce the same kind!

KT Commander 4680 is a standout purebred Angus herd sire celebrated for his massive dimension, easy-fleshing ability, and exceptional structural soundness. Commander brings explosive growth to the table, boasting a 785 lb weaning weight and a 1,420 lb yearling weight, backed by an impressive EPD profile featuring +75 WW and +134 YW. Genetically elite, Commander's deep-rooted maternal pedigree ties directly back to industry-defining cow families like Coleman Donna 714, Brooking Beauty 6051, and S.A.V. Madame Pride 0151.

SAV 6846 Rainfall

Rainfall is a standout from a landmark flush at Schaff's Angus Valley with credentials to write a whole new chapter in Angus history. He combines dominating phenotype, superior confirmation and outlier thickness, muscle shape, capacity and pounds, while blending a fresh pedigree, proven outcross calving ease genetics and the greatest maternal cow in the Angus breed.

He sires added length, soundness and unmistakable herd bull presence in his sons. His daughters are stunning in an elegant maternal package. He sets himself apart with his dominating hip and rear-leg structure with muscle shape and flawless phenotype. A $ Weaning leader that offers strong MARB and REA predictions in an easy fleshing, big-bodied, good footed design. He brings calving ease, maternal strength and performance together – fundamental elements to build from.

Whitestone BLUE RIBBON 5105

A high numbered daughter of Basin Excitement and featured Blue Ribbon family from the Whitestone program. This female excels from an EPD standpoint coupled with outstanding performance and phenotype. She is a three generation AI female with big numbers. She had an individual weaning ratio of 114, a yearling ratio of 113 and an EPD value of +164.74 for dollar beef. She stems from a dam that records WR 2@111, YR 2@115, %IMF2@ 113, UREA 2@105 with one daughter in production with an average nursing ratio of 103. Her 2018 bull calf has been retained in the Whitestone program.

J TRADEMARK 1037 TM

The newest herd bull in the Coleman program that was selected as the $165,000 top-selling bull with Conley Cattle of Sulphur, Oklahoma from the Cattleman's Cut Sale in Nebraska. He is a heifer bull with added performance and is the highest $C son of Sitz Resilient 10208 in the breed and ranks in the top 1% for $M. He has an outcross pedigree with tremendous phenotype. His mother is a tremendous producer with six head at 103 on weaning and a calving interval of 347 on six head and stems from a long line of productive Georgina females, that have longevity.

Red CCC 530C Towaw Larkaba

Pie Hollywood 222

Red CCC Towaw Larkaba 530C is dark red, deep bodied, long and feminine with a nice udder. She was a reserve Champion heifer at the 2016 Olds Fall Classic and Reserved Junior Yearling heifer at Farmfair International the same year.

Her maternal grandsire, Red TerRon Digger 11L, was a direct son of the great Ter-Ron Brandy 11C cow, and is the grand sire of the $80,000 Red Cockburn Ribeye bull. He bred until he was 11 years old and was one of the soundest structured bulls ever used at Towaw. Her grandam, Larkaba 10M, is a direct Red Towaw Indeed 104H daughter.

Pie Hollywood is the world record selling Red Angus bull from the spring 2023 bull sale season, selling for $400,000 valuation. His record setting appraisal is the result of his combination of curve bending calving ease and growth, breed leading carcass, captivating phenotype and is backed by the renown Abigrace cow family. We were not drawn to the bull by his outstanding numbers, but they are off the charts. We appreciate Hollywood for his massive phenotype and you couldn't put a better foot on a Red Angus bull.

Red LONE STONE Beula 35H

Red Lone Stone Beula 35H is a very well made female that is well-balanced. Buela is the complete package, an impressive cow with a small frame build (5.0 to 5.5 frame score). She has a very nice temperament, beautiful coat, solid feet, and perfect udder. The potential for 35H to become a very productive cow and raise outstanding offspring is already proven with her well-formed bull calf that hit the ground this year.

MANN RED BOX 55C

Redbox 55C is currently one of the most talked about Red Angus bulls in the breed. His calves display tremendous quality and style. His demand and inquiries stretch across the US, Canada and South America. The dam of Redbox is Peltons Miss AJA 0839U, extremely sound and impressive from every angle. She consistently transmits quality and eye appeal. Redbox displays unmatched phenotypic quality and possesses many needed traits to inject into the Red Angus Breed. His body volume, fleshing ease, soundness and style are simply hard to find. Upon inspection Redbox invokes a "wow" from the mouth of all that have seen him. His ability to make his mark as one of the great maternal sires of the breed is imminent.

Red Minburn May 300Y is a full sister to the breed legend, Red Minburn Copenhagen! Copenhagen and another full sister took Agribition by storm in 2011 at a figure of $67,000 for Copenhagen to U2 Ranch and Heart of the Valley. Copenhagen daughters were a highlight at the U2 dispersal bringing some long dollars while Copenhagen semen, while limited in it's availability, has commanded over $300 a straw. 300Y is an absolute mirrored image of what a Copenhagen daughter looks like. Sound, good footed, productive cows.

The $90,000 lead-off and high selling bull from the South View Ranch's 25th Annual Bull Sale. Pistol Pete 4M is full of red meat and muscle while still maintaining great eye appeal in a sound structured package. This guy is powerful and stout from any angle you view him, stands on a big square foot and is that ideal dark red color. His actual data is impressive with a great spread from birth to yearling and big scrotal. He was exhibited alongside his incredible 9-year-old dam where they were selected Reserve Champion Female at Agribition and Champion Senior Female at FarmFair.

Red U2 282B ENTOURAGE

RED U-2 ENTOURAGE 282B is a legendary Red Angus herd sire whose influence is firmly established throughout the breed, combining exceptional longevity, maternal strength, and proven herd bull performance. Sired by RED U-2 RECON 192Y and out of the renowned RED U-2 ANEXA 271Y, Entourage represents the very best of the U2 breeding program's commitment to functional, long-lasting genetics. He consistently transmits extra bone, added frame, depth of heel, and the structural integrity required for longevity, while his maternal influence adds value through quality udders, fertility, and productive, long-lasting females. He is a true breed-leading sire whose combination of performance, structural integrity, and maternal excellence continues to shape productive, profitable Red Angus herds.

RED U-2 ANEXA 439A is a cornerstone donor female in the U2 Quality Seedstock program and one of the most influential cows in the renowned Anexa cow family. Sired by RED MINBURN COPENHAGEN 3Y and out of RED U-2 ANEXA 443Y, this exceptional female has built an outstanding legacy, with 68 registered progeny in Canada alone. Anexa 439A combines a world-class feminine skull, exceptional hind-leg structure, fertility, and outstanding foot design with the proven ability to produce elite breeding stock. She represents the kind of proven, generation-building cow power that defines a great breeding program—combining exceptional phenotype, maternal strength, and a consistent record of producing highly sought-after Red Angus genetics.

She represents the kind of proven, generation-building cow power that defines a great breeding program—combining exceptional phenotype, maternal strength, and a consistent record of producing highly sought-after Red Angus genetics.

RED U2Q PLAYBOY 2197K

RED U2Q PLAYBOY 2197K is an exciting, breed-improving Red Angus sire that combines exceptional phenotype, explosive muscle shape, structural integrity, and outstanding maternal potential. Playboy was the $62,000 high-selling feature of the 2023 U2 Connection Bull Sale. A true standout from every angle, he boasts an impressive front end, expansive rib shape, tremendous herd bull presence, and a big, square foot with ample heel depth that reinforces his potential as a foot improver. Playboy is already making a significant impact through his daughters, which are admired for their feminine front ends, balanced structure, easy-fleshing ability, and picture-perfect udders. With a powerful combination of phenotype, performance, soundness, and maternal merit, 2197K offers breeders an outstanding opportunity to build productive, long-lasting cow families.

RED U2 439A ANEXA

Red U2 Maxim 168Z

RED U-2 ANEXA 439A is a cornerstone donor female in the U2 Quality Seedstock program and one of the most influential cows in the renowned Anexa cow family. Sired by RED MINBURN COPENHAGEN 3Y and out of RED U-2 ANEXA 443Y, this exceptional female has built an outstanding legacy, with 68 registered progeny in Canada alone. Anexa 439A combines a world-class feminine skull, exceptional hind-leg structure, fertility, and outstanding foot design with the proven ability to produce elite breeding stock. She represents the kind of proven, generation-building cow power that defines a great breeding program—combining exceptional phenotype, maternal strength, and a consistent record of producing highly sought-after Red Angus genetics.

RED U2 MAXIM 168Z is a proven Red Angus sire whose influence continues to be felt through his exceptional maternal legacy and lasting impact on the U2 program. Sired by RED HOWE MAGNUM 169W and out of RED U-2 PRIDE 638S. His greatest strength lies in his remarkable ability to produce productive, feminine, broody daughters with excellent udder quality, sound structure, and the fleshing ability to build long-lasting, profitable cow herds. His pedigree and proven maternal influence make him a standout name for breeders seeking dependable cow-family strength, longevity, and generations of productive Red Angus females.

AGA 46E Miss Britisher 40T

Churchill Sensation 028X

Britisher 40T is impressive on her phenotype, a cow with great body depth and nice udder which make her unmatched on her character and eye appeal at the UH ranch.

40T is gaining momentum with her daughters in production; they are beautifully uddered, easy fleshing and moderate framed individuals that are carbon copies of her dam.

The breed's leading high accuracy calving ease bull that excels for both maternal and end product value.

Sensation ranks in the top 15% of the breed for 11 EPDs and Indexes!

Sensation has become the new gold standard for calving ease plus growth and carcass quality!

LAMPORT'S 87N VICTORIA 46T

NJW 73S M326 TRUST 100W ET

Victoria 46T is an ideal made, moderate frame and easy fleshing cow with great feet and disposition.

46T has produced the best 2013 heifer calf of the herd, and she is the kind of female that will produce offspring that never goes out of style and will last in the herd longer than most. Her two daughters in the herd are very attractive with lost of eye appeal and femininity.

Victoria 46T is a very productive and fertile cow that became a front pasture donor with an awesome production.

Trust is exactly that and breeders world wide have trusted this sire to build their herds. A Trait Leader for thirteen EPD traits including all three $indexes. He makes exceptional replacement females and awesome herd sires alike.

We just can't say enough about this outstanding Hereford bull. He does so many things right for the breed. Proven breed leading genetics with extra style, pigment, shape, eye-appeal and balance. His daughters have done a tremendous job worldwide, and powerful sons are equally in demand. His dam is a beautiful, elite P606 daughter backed by a cow family known for superb udders and the ability to produce at the top every year.

Wagyu Acres BLACKGOLD 102

WAGYU

MYM Arubial QO014 ANTICIPATED

Wagyu Acres Blackgold 102 is feminine fronted, long bodied and sound in her feet and legs. She is very extended in her front end and tracks with flex in her lower joints.

She is a beautifully made momma cow with fantastic maternal ability. She has a balanced pedigree with ample amounts of marbling ability with enough growth and maternal to balance the pedigree out.

MYM Arubial Anticipated QO014 is a maternal brother to Bond 007. He excels with top 1% EMA, top 2% marbling and top 4% marbling fineness EBVs

All indexes in top 1% of the breed! He is only one of two Wagyu sires that are in the top 5% for GL, EMA and marbling and he does it so easily.

Anticipated is an ideal sire for beef on beef plus a great beef on dairy option, early calving, hybrid growth with power carcass traits. He's a go to Wagyu heifer carcass bull option as a global international sire including the EU
