BBF
Pleasant Pill
516N

Presenting the dam of Triara "Above Par 666T". Pleasant Pill 516 found her way to be one of the top cows that have built the Triara breeding program.

Not surprising she comes from a famous cow family that produced the breed legend B/R New Frontier 095.

She is a very impressive cow with a nice udder and great overall conformation. A top quality genetics that will leave its mark in any herd.

HF *Tiger* **5T**

HF Tiger 5T - Tiger is probably the winningest Bull in Canadian Angus history. Along with all his accomplishments he was overall Champion at the World Angus Forum.

A true testament of Tiger's prolific ability to breed is reflected in the fact that progeny in numerous herds have gone on to top shows and sales throughout the country. He had a son sell for \$92,000.

This bull represents all the qualities people look for in Angus cattle. He has been admired by many astute cattlemen for his correct structure, appealing muscle shape, and proud character.

Coleman 2302
DONNA

Donna 2302 blends the calving-easy and the \$w sire, with a big epd for milk. Donna is high quality phenotype female with a long and deep body with a perfect udder. The donna cow family is synonymous of raising top producing individuals at coleman angus meeting all expectations with a maternal masterpiece combination, and donna 2301 is living up to her heritage.

Donna 2302 carries a br 2@92, a wr 2@104 and a yr 1@100. Her dam records a br 3@98, a wr 3@109 and a yr 3@106 while two daughters maintain a combined wr 3@105. Donna is consistent on her production bringing to any program easy fleshing, milk and excellent udder and overall correct conformation. Her 2016 natural calf is an outstanding heifer sired by resource weighed 731 lbs. At 7.5 mo. Of age.

LT Marquee 169L is one of the most widely admired Angus bulls in the industry, valued at \$1.4 million! He is supported by much more than a pedigree of significance, as his quality is defined by the history and tradition that makes up his prominent lineage.

Marquee will sire Angus cattle that excel fundamentally, offering the intangible assets that combined will put any breeding program in the "bright lights" offering a combination of phenotype and genotype.

169L is a sought after "outcross" sire that will complement the elite standard of phenotype that producers have become accustomed to in today's day and age.

EDWARDS LADY RITO 39B (EDAN 39B)

BROOKING TRENDSPOTTER 6166

Edwards Lady Rito 39B (Edan 39B) is an easy fleshing, square hipped, deep bodied daughter of the popular Soo Line Motive. The grand dam Justamere Lady Rito 839W was the high selling heifer calf at the historic Justamere dispersal.

Ai'd safe to the exciting 74-51 Sudden Look.

Edan 39B is a high quality phenotype female with a long and deep body with a perfect udder.

An impeccable pedigree, flawless phenotype and ideal EPD spread surrounds the great TRENDSPOTTER. He has a stacked pedigree with some of the very best Angus females of all time right up close including the great EA Rose 918 and the World Forum Champions, Soo Line Annie K 9165 and Soo Line Annie K 6271. With just an 84 pound BW, he posts an impressive 919 WW and 1470 YW while sporting an impressive spread of EPDs that lands him in the top 2% for WW & YW, top 4% for TM. It is hard, almost impossible to combine the number and impeccable pedigree that TRENDSPOTTER carries while his phenotype is possibly his biggest asset. Look for him to add muscle shape, stoutness, hair, depth of body, foot quality and overall soundness in an attractive package. We feel TRENDSPOTTER has an unlimited arsenal to offer the Angus industry and one of the most exciting bulls to hit the open semen market in some time.

JACS BLACKCAP 0247

Here is a stunning female that is straight on her lines, level hiped with an attractive look. Blackcap 0247X has raised off spring that share her erect front end and superior phenotype. This is one of our absolute favorites cows that came from Gilchrist farms in Ontario.

0247X pedigree is backed up by sires like SAV Final Answer, and N Bar Emulation EXT, she is a direct SAV Pioneer daughter. Her embryo basket feature embryos sired by some of the most popular and heavily use bulls in North America, with balanced EPDs and mind blowing phenotypes.

BROOKING FIREBRAND 6068

Firebrand was the top selling bull at the 2017 Brooking Angus Sale, SK where they proclaimed he's a milestone breeding achievement, blending abundance of thickness, testicle development, muscle and dimension with a unique, clean, erect front third, based on a great set of feet and legs. Fantastic females are included on both sides of the pedigree to bolster Firebrand's appeal as a tremendous breeding piece!

Firebrand is supported by cow family strength on both sides of his pedigree. His sire's dam EA Rose 918 is what an Angus cow should look like. Firebrand's dam, Brooking Annie K 390, is a moderate framed female that is very angular fronted and has a beautiful udder. Firebrand is a sire to tie on to.

Musgrave 811
CRACKERJACK

The excitement continues to build around Crackerjack as his first calves hit the ground small, but with superior vigor and growth. They're jet black, stylish and massive just like their sire. Musgrave's identified Crackerjack early as the next step forward in their breeding program for his powerful yet proud look, structure and balanced genetic predictions. His productive dam has power, substance and complimentary femininity, with incredible udder quality and excellent feet. Crackerjack is pleasing many for his exceptional feet, large scrotal development and extra muscle expression. We believe Crackerjack has as much scope and future as any young sire in the A.I. industry.

Maya 247D
BLACKCAP

Basin 1682
PAYWEIGHT

Maya Blackcap 247D is a deep bodied, wide ribbed female, with a nice solid frame. Beautifully balanced with loads of thickness and muscle shape.

Blackcap 247D stands on an ideal set of feet and legs and has the depth and capacity to produce.

She is consistent on her production bringing to any program easy fleshing, milk and excellent udder and overall correct conformation.

Blackcap 247D puts everything together in such a complete package.

Ranked Number 4 among all Angus sires for progeny registered in the 2018 fiscal year of the American Angus Association after ranking Number 6 in 2017, even though demand has been much larger than the amount of semen available for several years, this high volume, easy fleshing individual is one of the bulls that cattlemen admire at ORigen and one of the highest demand sires in the decade. With more than 30 different sons that topped bull sales across the nation in the spring of 2018, few calving-ease bulls in Angus history have ever offered the extreme body mass and depth of body that is a trademark of Payweight 1682 and his progeny, in combination with elite growth values and a look that appeals to both purebred and commercial cattlemen.

Payweight 1682 daughters in production display his depth of body and ease of fleshing with nice udder structure and a brood cow look and his daughters have topped Angus sales across the continent with his full sister Basin O Lass 1663 setting a Montana Angus record when half interest of her sold for \$210,000 at the NILE Sale in Billings after her first natural son topped the 2014 Midland Test Sale at \$105,000.

EPDs Fall 2018:

Top 1% for \$Weaned calf value index Better than breed average for Scrotal Circumference EPD, Docility score EPD, Calving Ease Maternal EPD, maternal Milk EPD, reducing Mature Weight EPD, Calving Ease Direct EPD and Birth Weight EPD Phenotype data includes weaning records from 831 daughters in 220 herds, 44 progeny harvested in 23 groups and 4,380 progeny scanned in 1,507 groups

RECKONING
931

Maya Blackcap 247D is a deep bodied, wide ribbed female, with a nice solid frame. Beautifully balanced with loads of thickness and muscle shape. She stands on an ideal set of feet and legs and has the depth and capacity to produce.

Consistent on her production, bringing to any program easy fleshing, milk and excellent udder and overall correct conformation.

Blackcap 247D puts everything together in such a complete package.

Reckoning was the reigning Intermediate Angus Champion at both the 2021 OKC Cattlemen's Congress & 2020 NAILE! His dam was an extremely successful multiple time champion at all levels and is now producing breed changers. Reckoning is extremely up-headed & clean fronted with cool neck extension! He possesses ultra flexible joints with desirable body depth, dimension and muscle shape. Hair quality is a BONUS too. His sire, Believe, is one of Canada's highly valuable sires of recent times.

Reckoning is not only a bull to improve show quality, but is a great choice to improve herds of all types with his tremendous breed character, testicle shape, joint & foot quality, and overall excellent phenotype!

BLACKCAP

Maya Blackcap 247D is a deep bodied, wide ribbed female, with a nice solid frame. Beautifully balanced with loads of thickness and muscle shape.

Blackcap 247D stands on an ideal set of feet and legs and has the depth and capacity to produce.

She is consistent on her production bringing to any program easy fleshing, milk and excellent udder and overall correct conformation. Blackcap 247D puts everything together in such a complete package.

SAV 6847
President

SAV President 6847 was the world record and top-selling bull of the 2017 SAV sale at \$750,000 with a total valuation of \$938,500.

Incredible in his structure and powerful in his design, we believe President is the best Charlo son out of the No. 1 income producing cow in SAV history, SAV Blackcap May 4136.

To date, she has produced over \$10 million dollars in progeny sales. Thick and efficient, he is the future of performance Angus genetics.

Maya
5G
BLACKCAP

Poss
9731

DEADWOOD

Maya Blackcap 5G is a carbon copy of her dam Maya Blackcap 247D and grand-dam Jac's Blackcap 0247.

5G is a deep bodied, wide ribbed female, with a solid frame and a big presence. Beautifully balanced with loads of thickness and muscle shape. She stands on an ideal set of feet and legs, with an erect front end, superior phenotype and has the depth and capacity to produce.

**DAM – Maya
Blackcap 247D**

**SIRE – Vin-Mar
O'Reilly Factor**

Poss Deadwood has captured the attention of the breed since he was at the side of his dam. Few bulls have generated the across country allure like he has. A-typical with length of body and extension for a Maverick son, Deadwood looks to bring muscle and top shelf end product merit with calving ease.

His pedigree can be used on nearly any genetic base. Of his contemporaries, in this league of elite EPD's, we feel he has the best opportunity, via pedigree and his own performance to sire cattle that can meet his EPD profile.

Coleman 708
RESOURCE

A big-ribbed and stoutly-constructed 3rd generation donor in the program. Descending from a dam with progeny ratios of BR 6@92; WR 6@106 and YR 5@103 and a grandam showing a progeny record of BR 5@99; WR 5@102; YR 5@102; IMF 72@102; RE 72@100, Rita 7204 posts a progeny record of BR 3@100; WR 3@100; YR 3@100 and IMF 5@113 with a calving interval of 4@361.

Montana Just In Time 1080, her son, is a herd sire prospect, while another son, Guideline 9304, was the lead-off War Party 1472 son selected by Gilliland Livestock of CA in the 2020 sale.

Coleman Resource 708 is a true "Cattleman's Kind" of Angus bull. He is loaded with muscle, and dimension, along with tremendous body, and perfect feet, and comes at you in an eye appealing package. Coleman Resource 708 has done it the old fashion way, in the breeding pasture. His daughters have beautiful udders, perfect feet, and wean off heavy calves. He is by the Pathfinder Sire who has carried on the Rito lineage and back to a daughter of Coleman Manning 0299 and back to the \$93,000 valued past top-selling Coleman Donna 005. He is a great grandson of the \$200,000 valued Coleman Donna 386.

JUDGEMENT

A big-ribbed and stoutly-constructed 3rd generation donor in the program. Descending from a dam with progeny ratios of BR 6@92; WR 6@106 and YR 5@103 and a grandam showing a progeny record of BR 5@99; WR 5@102; YR 5@102; IMF 72@102; RE 72@100, Rita 7204 posts a progeny record of BR 3@100; WR 3@100; YR 3@100 and IMF 5@113 with a calving interval of 4@361.

Montana Just In Time 1080, her son, is a herd sire prospect, while another son, Guideline 9304, was the lead-off War Party 1472 son selected by Gilliland Livestock of CA in the 2020 sale.

Evaluated by many astute cowmen as one of the most complete, fault-free bulls the breed has ever produced, Judgement was selected by a diverse and visionary set of breeders as the \$180,000 record-selling bull of the 2022 Montana Maternal Revival Sale. A revolutionary sire for type, maternal excellence, feed efficiency, fertility and cow longevity – the real-world profit drivers for ranchers, Judgement excels for growth relative to mature size, and gain relative to consumption.

Dominant in his muscle shape, with a huge top and expressive quarter, combined with a chiseled stifle, Judgement exhibited early sexual maturity with a beautiful crest, robust scrotal and a slick, shiny haircoat. A three-dimensional stud whose massive volume, base width and length sets a new standard, Judgement is ideal in his hoof design and travels with a long, effortless stride.

Remitall F 148F

MS MORRISON

Ms Morrison 148F is a real wide based, deep bodied female. Sired by Rage 9A who is producing offspring with natural thickness, muscle expression with superb structure. The Rage daughters are prolific producing females that are easy doing, big bodied with beautiful udders.

Ms Morrison 148F stems from a strong producing cow family with fertility and longevity. Her grand dam is designated Elite with CAA and records a lifetime index of 107 on 8 calves. A pedigree stacked with performance sires such as Rito 9969, SAV Prodigy 8101, SAV Net Worth 4200 and Rachis 21R. Ms Morrison 148F has all the qualities to be a cornerstone female.

Basin 1682

PAYWEIGHT

Ranked Number 4 among all Angus sires for progeny registered in the 2018 fiscal year of the American Angus Association after ranking Number 6 in 2017, even though demand has been much larger than the amount of semen available for several years, this high volume, easy fleshing individual is one of the bulls that cattlemen admire at ORigen and one of the highest demand sires in the decade. With more than 30 different sons that topped bull sales across the nation in the spring of 2018, few calving-ease bulls in Angus history have ever offered the extreme body mass and depth of body that is a trademark of Payweight 1682 and his progeny, in combination with elite growth values and a look that appeals to both purebred and commercial cattlemen.

Payweight 1682 daughters in production display his depth of body and ease of fleshing with nice udder structure and a brood cow look and his daughters have topped Angus sales across the continent with his full sister Basin O Lass 1663 setting a Montana Angus record when half interest of her sold for \$210,000 at the NILE Sale in Billings after her first natural son topped the 2014 Midland Test Sale at \$105,000.

RIVERBEND
 314 *Queen*

Queen 314N is a maternal sister to Select Sires' calving easy and top carcass bull EXT Traveler 205.

Her first daughter was Res. Grand Champion at the Canadian Junior National. She is both a genetic gem, and a powerful front pasture cow that originates from the prestigious Riverbend Ranch.

Queen 314 is phenomenal in her phenotype, and flaw less in her production.

VIN-MAR 9563
O'Reilly Factor

Vin-Mar O'Reilly is an extremely unique combination of flawless phenotype and structure. This bull is as big boned, thick made, and sound.

O'Reilly Factor was the most phenotypically imposing Angus bull shown at the 2011 NWSS that combined calving ease EPDs with and extraordinary growth. Many cattlemen admired the extra bone, body, style, and muscle shape that he possesses. He's an easy fleshing bull like his sire Final Answer, as balanced as the come and easy to look at.

After fetching an impressive \$118,000 sale price, his fan base only grew, with multiple requests for semen from critical breeders. The only semen ever offered was Freeze '24 where 6 units brought a whopping \$1,800 per unit. Alpine is the next up and comer. He possesses more positive attributes than most bulls. Perfect hind leg, big backed, incredible softness and just good looking from every position. Early reports say calves are coming easy with loads of vigor.

Rudow's Empress 677 looks are double take material. Proven calving ease on both sides of her lineage with royal status. Sired by the epic king pin of low birth plus maternal efficiency OCC Homer 650H. Her dam is sired by the proven low input calving ease and phenotypic sire OCC You Bet 800Y. That being said 677 is built to produce low birth efficient herd sires and daughters that produce the same kind!

LT Marquee 169L is one of the most widely admired Angus bulls in the industry, valued at \$1.4 million! He is supported by much more than a pedigree of significance, as his quality is defined by the history and tradition that makes up his prominent lineage.

Marquee will sire Angus cattle that excel fundamentally, offering the intangible assets that combined will put any breeding program in the "bright lights" offering a combination of phenotype and genotype.

169L is a sought after "outcross" sire that will complement the elite standard of phenotype that producers have become accustomed to in today's day and age.

DENSITY

4336

Straight out of the 2020 Coleman female sale, the beautifully designed Tar Donna 614 is a complete female that keeps producing what we love, offspring with some of the most alluring phenotypes of the breed with a balanced EPD's and low birthweights.

Donna 614 along with her feminine eye appeal, is stout and loaded with rib, an excellent udder and great feet. She is backed up with a **SOLID PEDEGREE** sired by the Pathfinder bull SAV Resource. Her Dam stems back to Coleman Regis 904 and OCC Juneau 807J. Her 2020 heifer calf sired by the \$450,000 for ½ interest Colman Bravo 6313 is an excellent example of proven maternal genetics.

Density 4336 has made his mark as one of the most influential maternal sires in the Angus breed. He is unmatched for his ability to consistently stamp his feminine heavy milking daughters with impeccable udder quality, broodiness, and maternal function. They are moderate framed efficient cows with superior production capabilities.

Density is a cow maker deluxe, his daughters are rising to the top at ranches across Canada and the USA. His sons are in demand due to their depth of body, muscle expression and they are correctly structured. He has been used worldwide on cows of all body types due to his consistent siring pattern.

SAV 6847
President

SAV President 6847 was the world record and top-selling bull of the 2017 SAV sale at \$750,000 with a total valuation of \$938,500.

Incredible in his structure and powerful in his design, we believe President is the best Charlo son out of the No. 1 income producing cow in SAV history, SAV Blackcap May 4136.

To date, she has produced over \$10 million dollars in progeny sales. Thick and efficient, he is the future of performance Angus genetics.

RAINFALL

Straight out of the 2020 Coleman female sale, the beautifully designed Tar Donna 614 is a complete female that keeps producing what we love, offspring with some of the most alluring phenotypes of the breed with balanced EPD's and low birthweights.

614 along with her feminine eye appeal, is stout and loaded with rib, an excellent udder and great feet. She is backed up with a **SOLID PEDEGREE** sired by the Pathfinder bull SAV Resource. Her Dam stems back to Coleman Regis 904 and OCC Juneau 807J.

Her 2020 heifer calf, sired by Coleman Bravo 6313 sold for \$450,000 for ½ interest, is an excellent example of proven maternal genetics.

Rainfall is a standout from a landmark flush at Schaff's Angus Valley with credentials to write a whole new chapter in Angus history. He combines dominating phenotype, superior confirmation and outlier thickness, muscle shape, capacity and pounds, while blending a fresh pedigree, proven outcross calving ease genetics and the greatest maternal cow in the Angus breed.

He sires added length, soundness and unmistakable herd bull presence in his sons. His daughters are stunning in an elegant maternal package. He sets himself apart with his dominating hip and rear-leg structure with muscle shape and flawless phenotype. A \$ Weaning leader that offers strong MARB and REA predictions in an easy fleshing, big-bodied, good footed design. He brings calving ease, maternal strength and performance together – fundamental elements to build from.
