**Red ACC  
LAMBDA 1Z**

A blend of a well-known pedigrees and a top donor cow from Anderson cattle Co. Red ACC Lambda 1Z is a dark red, moderated framed with lots of muscle definition and a high milk EPD.

She is the dam of Red ACC Bigshot 118E a bull that surprised everyone in the spring when he was purchased by a syndicate during the 2018 bull sale.

1Z is a very stylish smooth fronted cow with lot of eye appeal. She is a really good cow with another outstanding calve at side this year, weaned on August 14<sup>th</sup> weighing 751 pounds at around 6.5 months of age.

**RED COCKBURN  
Assassin 624D**

Assassin 624D is a bull that has created quite stir in the Red Angus industry. He is very well balanced, combining low birth, explosive growth, outstanding pheno-type, great EPD's and from a very prestigious cow family in Canada. Assassin is the first son we sell of our new calving ease herd sire Specialist, Assassins combination of calving ease and exceptional growth are hard to find.

Assassins dam is an exceptional young cow and is a maternal sister to Ribeye 308U. She is proving to be one of our top producers and is destined to be a great donor cow, just like her dam 443P. A maternal sister to Assassin was one of the high selling bred heifers at the power and perfection sale this past fall at \$15,000

**OVER DRAFT**  
*Pick* 413D

Draft Pick is a high performance sire that started out with a 60 lb. actual birth weight but went on to ratio 115 at weaning. He combines some of the great cow families of the Red Angus breed, including Jolene, Blockana and Abigrace.

He stacks up well for Marbling and Ribeye and is in the top 1% of the breed for the GridMaster index. Putting it all together: calving ease, performance and carcass quality with the phenotype to go with it. He is taking his place among the elite Red Angus sires. His progeny proof has solidified his merit as an excellent heifer bull and calves who perform, with tons of body and hindquarter.

From a true maternal matron, the dam of Draft Pick has an incredible record and body type that all of us desire in a cow herd. He's a proven sire with an outstanding genetic script, excellent calving ease, and extras for maternal and carcass. Among his many qualities, Draft Pick is an excellent structured bull and can be used for foot improvement. His high fertility semen will leave you with a tremendous set of calves that have incredible quality.

**RED KJHT**

**Power Take Off**

KJHT Power Take Off is a bull who attained national championship status at just nine months of age and continued this trend until his show career ended being crowned National Champion bull in Ft. Worth 2019.

The son of Soo Line Power Eye 161X was mated perfectly to SRA Paint Bucket, one of the impressive females born into the Picabo family of excellence. PTO has worlds of muscle shape and power from end to end. He is big centered and has an impeccable look.

This is a beef business bull, and his influence in the industry will greatly enhance the future of the breed.

### Red Aspen LENA 10P

Lena 10P is an excellent female out of Krypton 1K. Her sire pedigree goes back to Boomer 803B and Chiefdom 2X, with such names in his pedigree it was no accident that this bull has left an excellent set of heavy milking daughters with lots of eye appeal.

Lena's family is one of the top cow families at Aspen Hill. This feminine female is structurally correct, moderate-frame and an easy fleshing cow with a perfect udder and great rib.

### RED Fine Line Mulberry 26P

Red Fine Line Mulberry 26P was named Supreme Champion Beef Bull of the 2006 Farmfair International in Edmonton, Canada.

Mulberry is siring outstanding progeny that are low maintenance, easy fleshing cattle. They have moderate birth weights and his daughters have perfect udders. He is now an Australian Red Angus trait leader for 200, 400 and 600 day weight on Group Breed plan.

### Red Anderson's 118W

## TIBBIE

Red Anderson's Tibbie 118W is a deep bodied, wide ribbed female, with a nice solid frame. Beautifully balanced with loads of thickness and muscle shape.

She stands on an ideal set of feet and legs and has the depth and capacity to produce.

Tibbie is consistent on her production bringing to any program easy fleshing, milk and excellent udder and overall correct conformation. This female puts everything together in such a complete package.

### Red DKF 55C

## RAZOR

Red DKF Razor 55C is a complete outcross to the Red Angus breed. Heavy muscled with an excellent balance and overall eye appeal.

Exceptional performance ranking in the top 3% of the breed for YW. Razor has phenomenal carcass traits overall and one of the highest marbling bulls in the breed, ranking in the top 1% of the breed and top 9% REA.

First progeny have been very popular amongst breeders looking to increase performance and maintain an attractive phenotype.

**RED ACC 13B**  
*Tibbie*

*Pie* **057**  
**CAPTAIN**

Red ACC Tibbie 13B is out of a very productive red cow. This red, moderate framed cow is made correct and true. She has a style and broodiness combined with a very unique pedigree.

Tibbie 13B is a feminine easy fleshing cow with a perfect udder and great rib.

Pie Captain 057 has stood out since day one as a favorite with his volume. This bull not only has all the type, body capacity, and the top cow backing him but he was the #1 weaning and #1 yearling weight calf with only a 99 BW ratio and he did it without excessive frame. He stands on ideal feet and legs.

Captain also scanned a 5.69 IMF 121 ratio and 15.43 REA 109. It's really hard to find a bull that does so many things right. During the Pieper Red Angus 2021 sale he sold for \$150,000.

## **RREDS** **SENECA** **7316**

Seneca has proven to be a true-breeding. It's uncommon to have a bull produce top-notch sons and then come back with remarkable daughters. His performance and muscle allow him to compete with any other cattle in terms of gain while still siring females that are incredibly productive. The females are moderate, easy doing, and are proving to be some of the most productive young cows.

Seneca is a proven bull that possibly is the most prepotent herd sire encountered. Early rapid growth with reduced mature size designing daughters that are built to last in any environment.

**RED U-2 413B**  
**Foreigner**

Red ACC Tibbie 94C has a striking profile and extension through her front, making her hard to miss. This cow is built right from front to back with a well balanced EPDs and a lots of milk.

She has a excellent udder, with extra volume and good feet. Tibbie is very sound yet expresses herself in a feminine broody kind of way.

You can't help but admire the quality and potential that this female has to offer.

Foreigner was a high seller in 2015 at \$73,000. His uniqueness in pedigree has attracted top breeders from across North America.

Foreigner was bred to some of the most elite donor and front-end cows, these matings have pumped out some of the most impressive outcross herd bulls ever raised.

He has outbred himself on many of these prospects and has passed on his super reliable built in calving ease.

**Red CCC**  
**530C**  
**Towaw Larkaba**

Red CCC Towaw Larkaba 530C is dark red, deep bodied, long and feminine with a nice udder. She was a reserve Champion heifer at the 2016 Olds Fall Classic and Reserved Junior Yearling heifers 2016 at Farmfair International. Her maternal grandsire, Red TerRon Digger 11L, was a direct son of the great Ter-Ron Brandy 11C cow, and is the grand sire of the \$80,000 Red Cockburn Ribeye bull. He bred until he was 11 years old and was one of the soundest structured bulls ever used at Towaw. Her grandam, Larkaba 10M, is a direct Red Towaw Indeed 104H daughter, she was a donor cow sold to Wildcat Creek for their flush program.

**U-2**  
**Reckoning** 149A

High selling Red Angus to Six Mile for \$46,000 for 1/2 interest. Reckoning progeny are the right kind of cattle with a superior foot quality, added volume and very important- easy to market. The list of high sellers sired by Reckoning is very impressive due to how his progeny works in the real world and show ring value.

*Alibi*

Jewel 1055Y is an exceptional female in many ways; she carries a strong maternal pedigree, performance and structure to lead a program to the next level. She is moderate frame with thick top and square hip.

This is a cow with a superior udder and milking ability. If you want to talk about cow power, this female is just that.

Alibi is the first Rioja son in Canada. Another outstanding individual out of a lead donor cow from Shady Knoll Cattle Co. SRA Paintbucket and sired by Rojas Rioja 6052. Riojas genetics in in a high demand and very marketable in Canada and across the USA. SRA Paintbucket is none other than Power Take Off's Dam. Semen of this exclusive sire is limited with just a few straws offered for sale during 2020. Alibi is a stout bull with a clean front end and balanced EPDs.

This is a cow with a superior udder and milking ability. If you want to talk about cow power, this female is just that.

**RED WHEEL**  
**CREED 214C**

Herd sires with the ability to combine the power that Red Wheel Creed possesses with exceptional maternal strength in an outcross pedigree are rare to find. Creed has the length of spine, muscle expression, bone and foot size which he transmits into his calves. This bull is backed by an exceptional dam and cow family.

Creed's dam, Black Wheel Jestress 1Y is a herd bull producing female. The Jestress cow family is noted for exceptional udders and hoof quality and being big ribbed productive females. A few straws of semen were available during the Pinnacle Sale in 2018, the quest for the very best Red Angus seedstock in Canada may be found. The significance of this great breeding bull is fully demonstrated throughout the pedigree, statistical information and the footnote discussion. This breeding bull, with progeny on the ground, is an opportunity to obtain the influence of one of the most dynamic breeding bulls in the industry today.

*Red Mar Mac* 104E  
**BONITA**

The lead off female, and no coincidence the high seller bred heifer out of the Mar Mac 2018 female sale. Bonita 104E is an easy fleshing, thick, moderate framed feminine cow with lots of body depth and high performance EPDs. Weaning and yearling weight in the top 1% of the breed.

The Bonita cow family is well known for its maternal strength and breed consistency. Her dam, Bonita 65X, is one of the Canadian legends and high producing cow.

*Pie* 057  
**CAPTAIN**

Pie Captain 057 has stood out since day one as a favorite with his volume. This bull not only has all the type, body capacity, and the top cow backing him but he was the #1 weaning and #1 yearling weight calf with only a 99 BW ratio and he did it without excessive frame. He stands on ideal feet and legs.

Captain also scanned a 5.69 IMF 121 ratio and 15.43 REA 109. It's really hard to find a bull that does so many things right. During the Pieper Red Angus 2021 sale he sold for \$150,000.

## *Red* **580E** **Towaw Larkaba**

Red Towaw Larkaba 580E is a low maintenance female that displays tonnes of body capacity in a very complete and attractive package.

She is sound in her movement and stout in her design with balanced EPD's. She is very fertile and has been very successful as a donor cow producing genetics of easy marketability.

## **OVER DRAFT** *Pick* **413D**

Draft Pick is a high performance sire that started out with a 60 lb. actual birth weight and went on to ratio 115 at weaning and he stacks up well for Marbling and Ribeye, placing him near the top of the breed for GridMaster index.

He puts it all together: calving ease, performance and carcass quality with the phenotype to go with it.

He combines some of the great cow families of the Red Angus breed, including Jolene, Blockana and Abigrace.

**RED DMM GLESBAR**

*Barn Dance*

**35X**

Thelma 9J is a proven producer that will leave a long lasting impression on the genetic base of any herd. She is an Elite/Premier Dam with the Canadian Angus Association.

9J is very sound with great feet and udder as well as balanced EPD's. She combines a great deal of femininity with incredible length of spine and body mass.

Red DMM Glesbar Barndance was the 2012 Canadian "Grand Champion" Bull and the 2012 Canadian "Show Bull" of the Year. He also was the Farmfair Supreme Champion in 2012.

If you are looking to add some outcross genetics, power, volume, soundness, and "Championship Look", Barndance genetics need to be added to your herd!

**RED TER-RON**

**Realdeal** **01W**

Thelma 9J is a proven producer that will leave a long lasting impression on the genetic base of any herd. She is an Elite/Premier Dam with the Canadian Angus Association.

9J is very sound with great feet and udder as well as balanced EPD's. She combines a great deal of femininity with incredible length of spine and body mass.

One of the most unique bulls to come out of Ter-Ron in recent years. Depth of body, stoutness, very good footed, structurally correct and has a dark, rich hair coat.

Farm Fair International Champion in 2010.

Canadian Western Agribition Grand Champion 2010

2010 Canadian Red Angus show bull of the year 2010.
