EMBRYOS

For Sale

**CONNELY
Craftsman**

070R

- The single most talked about bull of the Spring 2022 sales season, CRAFTSMAN was the \$500,000 record setting high seller at Connealy's sale!
- CRAFTSMAN posted very impressive performance ratios of 120@WW, 119@YW, 154@IMF and 107@RE in a large contemporary group
- Sired by Sitz Resilient out of an impressive young Niobrara daughter, CRAFTSMAN's physical presence and breed character add to his overall package. He is striking though his front 1/3 and offers great length and shape down his top with combined with excellent structural integrity.
- Highly sought after for his combination of \$M and \$C, along with the parts that compile those indexes. Mating options and directions are endless with CRAFTSMAN!

**ACC  27G
Queen Ruth**

ACC Queen Ruth 27G is a very elegant designed female that is exceptional in her structural design. This female is the type that could be a very versatile breeding piece. We think she could raise some big time show steers or if you wanted to go the maternal route she will work to a lot of today's popular sires.

SAV 1335
Magnum

Magnum commanded attention of breeders long before he walked through the sale ring, and is being used by SAV as the next step in their program.

This fresh pedigree blends nine Pathfinders in his three-generation pedigree and offers unique mating flexibility.

His feminine, efficient, 3-year-old dam exudes udder quality and possesses perfect feet.

Expect Magnum to boost performance in a real world, attractive package.

ACC Queen Ruth 27C is a very elegant designed female that is exceptional in her structural design. This female is the type that could be a very versatile breeding piece. We think she could raise some big time show steers or if you wanted to go the maternal route she will work to a lot of today's popular sires.

Remitall F 148F

MS MORRISON

Ms Morrison 148F is a real wide based, deep bodied female. Sired by Rage 9A who is producing offspring with natural thickness, muscle expression with superb structure. The Rage daughters are prolific producing females that are easy doing, big bodied with beautiful udders.

Ms Morrison 148F stems from a strong producing cow family with fertility and longevity. Her grand dam is designated Elite with CAA and records a lifetime index of 107 on 8 calves. A pedigree stacked with performance sires such as Rito 9969, SAV Prodigy 8101, SAV Net Worth 4200 and Rachis 21R. Ms Morrison 148F has all the qualities to be a cornerstone female.

Basin 1682

PAYWEIGHT

Ranked Number 4 among all Angus sires for progeny registered in the 2018 fiscal year of the American Angus Association after ranking Number 6 in 2017, even though demand has been much larger than the amount of semen available for several years, this high volume, easy fleshing individual is one of the bulls that cattlemen admire at ORigen and one of the highest demand sires in the decade. With more than 30 different sons that topped bull sales across the nation in the spring of 2018, few calving-ease bulls in Angus history have ever offered the extreme body mass and depth of body that is a trademark of Payweight 1682 and his progeny, in combination with elite growth values and a look that appeals to both purebred and commercial cattlemen.

Payweight 1682 daughters in production display his depth of body and ease of fleshing with nice udder structure and a brood cow look and his daughters have topped Angus sales across the continent with his full sister Basin O Lass 1663 setting a Montana Angus record when half interest of her sold for \$210,000 at the NILE Sale in Billings after her first natural son topped the 2014 Midland Test Sale at \$105,000.

Jac's 0247X
Blackcap

Here is a stunning female that is straight on her lines, level hipped with an attractive look. Blackcap 0247X has raised off spring that share her erect front end and superior phenotype. This is one of our absolute favorites cows that came from Gilchrist farms in Ontario.

0247X pedigree is backed up by sires like SAV Final Answer, and N Bar Emulation EXT, she is a direct SAV Pioneer daughter. Her embryo basket feature embryos sired by some of the most popular and heavily use bulls in North America, with balanced EPDs and mind blowing phenotypes.

Musgrave 811
CRACKERJACK

The excitement continues to build around Crackerjack as his first calves hit the ground small, but with superior vigor and growth. They're jet black, stylish and massive just like their sire. Musgrave's identified Crackerjack early as the next step forward in their breeding program for his powerful yet proud look, structure and balanced genetic predictions. His productive dam has power, substance and complimentary femininity, with incredible udder quality and excellent feet. Crackerjack is pleasing many for his exceptional feet, large scrotal development and extra muscle expression. We believe Crackerjack has as much scope and future as any young sire in the A.I. industry.

Brooking 6068
FIREBRAND

Firebrand was the top selling bull at the 2017 Brooking Angus Sale, SK where they proclaimed he's a milestone breeding achievement, blending abundance of thickness, testicle development, muscle and dimension with a unique, clean, erect front third, based on a great set of feet and legs. Fantastic females are included on both sides of the pedigree to bolster Firebrand's appeal as a tremendous breeding piece!

Firebrand is supported by cow family strength on both sides of his pedigree. His sire's dam EA Rose 918 is what an Angus cow should look like. Firebrand's dam, Brooking Annie K 390, is a moderate framed female that is very angular fronted and has a beautiful udder. Firebrand is a sire to tie on to.

DENSITY

4336

Straight out of the 2020 Coleman female sale, the beautifully designed Tar Donna 614 is a complete female that keeps producing what we love, offspring with some of the most alluring phenotypes of the breed with a balanced EPD's and low birthweights.

Donna 614 along with her feminine eye appeal, is stout and loaded with rib, an excellent udder and great feet. She is backed up with a SOLID PEDEGREE sired by the Pathfinder bull SAV Resource. Her Dam stems back to Coleman Regis 904 and OCC Juneau 807J. Her 2020 heifer calf sired by the \$450,000 for 1/2 interest Colman Bravo 6313 is an excellent example of proven maternal genetics.

Density 4336 has made his mark as one of the most influential maternal sires in the Angus breed. He is unmatched for his ability to consistently stamp his feminine heavy milking daughters with impeccable udder quality, broodiness, and maternal function. They are moderate framed efficient cows with superior production capabilities.

Density is a cow maker deluxe, his daughters are rising to the top at ranches across Canada and the USA. His sons are in demand due to their depth of body, muscle expression and they are correctly structured. He has been used worldwide on cows of all body types due to his consistent siring pattern.

BLACKCAP
7053

SAV 1335
Magnum

Montana Blackcap 7053 maintains a calving interval of 4@368 and earned a progeny record of BR 3@100; WR 3@109 and 3@107, which gains her a place in the top 5% of the breed for BW and MB; the top 10% for CED and the top 15% for \$W.

Blackcap blends stunning good looks with mass and performance. She is a deep-sided, easy-fleshing and superbly uddered female.

Magnum commanded attention of breeders long before he walked through the sale ring, and is being used by SAV as the next step in their program.

This fresh pedigree blends nine Pathfinders in his three-generation pedigree and offers unique mating flexibility.

His feminine, efficient, 3-year-old dam exudes udder quality and possesses perfect feet.

Expect Magnum to boost performance in a real world, attractive package.

RESOURCE

Montana Blackcap 7053 maintains a calving interval of 4@368 and earned a progeny record of BR 3@100; WR 3@109 and 3@107, which gains her a place in the top 5% of the breed for BW and MB; the top 10% for CED and the top 15% for \$W.

Blackcap blends stunning good looks with mass and performance. She is a deep-sided, easy-fleshing and superbly uddered female.

Coleman Resource 708 is a true "Cattleman's Kind" of Angus bull. He is loaded with muscle, and dimension, along with tremendous body, and perfect feet, and comes at you in an eye appealing package. Coleman Resource 708 has done it the old fashion way, in the breeding pasture. His daughters have beautiful udders, perfect feet, and wean off heavy calves.

He is by the Pathfinder Sire who has carried on the Rito lineage and back to a daughter of Coleman Manning 0299 and back to the \$93,000 valued past top-selling Coleman Donna 005. He is a great grandson of the \$200,000 valued Coleman Donna 386.

Montana 1038

JUDGEMENT

A big-ribbed and stoutly-constructed 3rd generation donor in the program. Descending from a dam with progeny ratios of BR 6@92; WR 6@106 and YR 5@103 and a grandam showing a progeny record of BR 5@99; WR 5@102; YR 5@102; IMF 72@102; RE 72@100, Rita 7204 posts a progeny record of BR 3@100; WR 3@100; YR 3@100 and IMF 5@113 with a calving interval of 4@361.

Montana Just In Time 1080, her son, is a herd sire prospect, while another son, Guideline 9304, was the lead-off War Party 1472 son selected by Gilliland Livestock of CA in the 2020 sale.

Evaluated by many astute cowmen as one of the most complete, fault-free bulls the breed has ever produced, Judgement was selected by a diverse and visionary set of breeders as the \$180,000 record-selling bull of the 2022 Montana Maternal Revival Sale. A revolutionary sire for type, maternal excellence, feed efficiency, fertility and cow longevity – the real-world profit drivers for ranchers, Judgement excels for growth relative to mature size, and gain relative to consumption.

Dominant in his muscle shape, with a huge top and expressive quarter, combined with a chiseled stifle, Judgement exhibited early sexual maturity with a beautiful crest, robust scrotal and a slick, shiny haircoat. A three-dimensional stud whose massive volume, base width and length sets a new standard, Judgement is ideal in his hoof design and travels with a long, effortless stride.

Barstow
CASH ^{18y}

Wiwa Creek Tilda 530'15 is a low maintenance female that displays tonnes of body capacity in a very complete and attractive package.

Tilda 530'15 is full of maternal greatness throughout her pedigree and is a no miss production female. Her sire, Lead Change was a past Agribition Division Champion and has left his mark siring highly sought after sons and daughters.

Look to Tilda 530'15 to be a hard-working female, high production brood cow that will give fast ROI.

Cash took the 2012 spring bull sale season by storm when he sold 1/3 interest for \$108,000.00, making him the highest selling bull ever produced in the productive Barstow Angus program. Produced by a beautiful first calf heifer who weaned him at 113 ratio. Cash went on to earn a yearling ratio of 112 and scan with an adj. RE of 18.0 sq. in.

Cash is an exciting new calving ease sire that possesses a flawless genetic tabulation with a 64 lb. actual birth weight and strong growth, carcass, and \$B values. Cash is a sensibly-sized bull that is massive in his design with incredible body volume and shape, thickness, and muscle mass throughout. TOP 1% of the Breed for WW, YW and SC.

PAYWEIGHT

Wiwa Creek Tilda 530'15 is a low maintenance female that displays tonnes of body capacity in a very complete and attractive package.

Tilda 530'15 is full of maternal greatness throughout her pedigree and is a no miss production female. Her sire, Lead Change was a past Agribition Division Champion and has left his mark siring highly sought after sons and daughters.

Look to Tilda 530'15 to be a hard-working female, high production brood cow that will give fast ROI.

Ranked Number 4 among all Angus sires for progeny registered in the 2018 fiscal year of the American Angus Association after ranking Number 6 in 2017, even though demand has been much larger than the amount of semen available for several years, this high volume, easy fleshing individual is one of the bulls that cattlemen admire at ORigen and one of the highest demand sires in the decade. With more than 30 different sons that topped bull sales across the nation in the spring of 2018, few calving-ease bulls in Angus history have ever offered the extreme body mass and depth of body that is a trademark of Payweight 1682 and his progeny, in combination with elite growth values and a look that appeals to both purebred and commercial cattlemen.

Payweight 1682 daughters in production display his depth of body and ease of fleshing with nice udder structure and a brood cow look. His daughters have topped Angus sales across the continent with his full sister Basin O Lass 1663 setting a Montana Angus record when half interest of her sold for \$210,000 at the NILE Sale in Billings after her first natural son topped the 2014 Midland Test Sale at \$105,000.

FIREBRAND

Maya Blackcap 247D is a deep bodied, wide ribbed female, with a nice solid frame. Beautifully balanced with loads of thickness and muscle shape.

Blackcap 247D stands on an ideal set of feet and legs and has the depth and capacity to produce.

She is consistent on her production bringing to any program easy fleshing, milk and excellent udder and overall correct conformation.

Blackcap 247D puts everything together in such a complete package.

Firebrand was the top selling bull at the 2017 Brooking Angus Sale, SK where they proclaimed he's a milestone breeding achievement, blending abundance of thickness, testicle development, muscle and dimension with a unique, clean, erect front third, based on a great set of feet and legs. Fantastic females are included on both sides of the pedigree to bolster Firebrand's appeal as a tremendous breeding piece!

Firebrand is supported by cow family strength on both sides of his pedigree. His sire's dam EA Rose 918 is what an Angus cow should look like.

Firebrand's dam, Brooking Annie K 390, is a moderate framed female that is very angular fronted and has a beautiful udder. Firebrand is a sire to tie on to.

RIVERBEND
314 
Queen

VIN-MAR 9563
O'Reilly Factor

Queen 314N is a maternal sister to Select Sires' calving easy and top carcass bull EXT Traveler 205.

Vin-Mar O'Reilly is an extremely unique combination of flawless phenotype and structure. This bull is as big boned, thick made, and sound.

Her first daughter was Res. Grand Champion at the Canadian Junior National. She is both a genetic gem, and a powerful front pasture cow that originates from the prestigious Riverbend Ranch.

O'Reilly Factor was the most phenotypically imposing Angus bull shown at the 2011 NWSS that combined calving ease EPDs with and extraordinary growth. Many cattlemen admired the extra bone, body, style, and muscle shape that he possesses. He's an easy fleshing bull like his sire Final Answer, as balanced as the come and easy to look at.

Queen 314 is phenomenal in her phenotype, and flaw less in her production.

Pleasant Pill

516N

Presenting the dam of Triara "Above Par 666T". Pleasant Pill 516 found her way to be one of the top cows that have built the Triara breeding program.

Not surprising she comes from a famous cow family that produced the breed legend B/R New Frontier 095.

She is a very impressive cow with a nice udder and great overall conformation. A top quality genetics that will leave its mark in any herd.

HF

Tiger

5T

HF Tiger 5T - Tiger is probably the winningest Bull in Canadian Angus history. Along with all his accomplishments he was overall Champion at the World Angus Forum.

A true testament of Tiger's prolific ability to breed is reflected in the fact that progeny in numerous herds have gone on to top shows and sales throughout the country. He had a son sell for \$92,000.

This bull represents all the qualities people look for in Angus cattle. He has been admired by many astute cattlemen for his correct structure, appealing muscle shape, and proud character.
